

## Galgotias students went on industry visit to Huawei Ltd. in Gurugram

Recently, Galgotias organised an industrial visit to Huawei Ltd in Gurugram. Students were delighted to visit the largest manufacturing unit in Asia. Huawei's Training committee introduced the students to new technologies conveying various domains in the field of the wireless communication and manufacturing. During this introductory lecture, they covered technologies like CDMA, GSM, Circuit and Packet. After the introductory lecture, students visited lab with the head of trainer and faculty members. This helped them to get first hand learning of the practical aspects of networking devices and concepts.
