Galgotias University, that boasts one of the best in the field of technology, provided yet another and esteemed opportunity to the tech geeks from around India in the name of Dexterix 2.0, a 24-hour long hackathon, on 22nd-23rd November 2019. People from all fields came forward and together to celebrate their passion for technology and to provide solutions to some real-life problems. The categories included Transport, Social Goods, Agriculture, Drones, and Healthcare.

As grand a name Dexterix is, so was the number of teams that turned up for the event. A total of 150 teams and more than 550 participants turned up for the event, making the already huge event even bigger. e bit of body text

The event commenced with the traditional lighting of lamp, done by Dr. Pradeep Kumar, Vice-Chancellor GU, Dr. S. Raju, Dean Proctor along with some senior faculty members.

After kindling the lamp, the hackathon started, and participants worked their best to emerge victorious and a continuous 24-hour hackathon started. As it is, this large-scale event wouldn't have been possible without the support of Mr. Sunil Galgotia and Mr. Dhruv Galgotia. Their constant help and insight enabled the university to organize the event.

After the hustle of 24 hours, we got our winners
for each category:
