1. INTRODUCTION

For Galgotias University (GU), it is important to be the fountainhead of new ideas and of innovators in technology and science and with its general goal of to create an ambience in which new ideas, research and scholarship flourish and from which the leaders and innovators of tomorrow emerge. In fulfillment of their points of importance, GU has taken the initiative to promote innovations and to facilitate protection of Intellectual property (I P) thus generated at GU. In this document the processes to support these efforts have been included. A formal Framework to guide the implementation of these processes is included in this document. Towards this goal an Intellectual property Policy for GU has been formulated. This policy aims to lay dowry the processes for promotion and support available to innovators at GU for translating their creative works into IP. Parties engaged in creation of original and innovative work at CU include faculty, staff and other employees of GU, including staff working on various projects, registered students of GU. students from other institutions., personnel from other organization or any other individuals working in CU. This policy also aims to set forth guidelines for ownership of IP developed at GU by GU personnel and non-GU personnel and its commercialization.

To administer the policies included in this document related to industrial, Research & Consultancy, and maintain, the relevant documents., set up University Centre for Research & Development (UCRD) office with appropriate administrative and supporting staff: The aim is. to sustain, and grow creativity in an ethical environment in GU Greater Noida that recognizes the importance of innovations and assists in translating them into products, processes and services for commercial exploitation. and to achieve the widest public good.
