REPORT ON HOLI CELEBRATION**

Date: 10 March, 2017

Venue: Food Court Area

Time: 4:00 PM

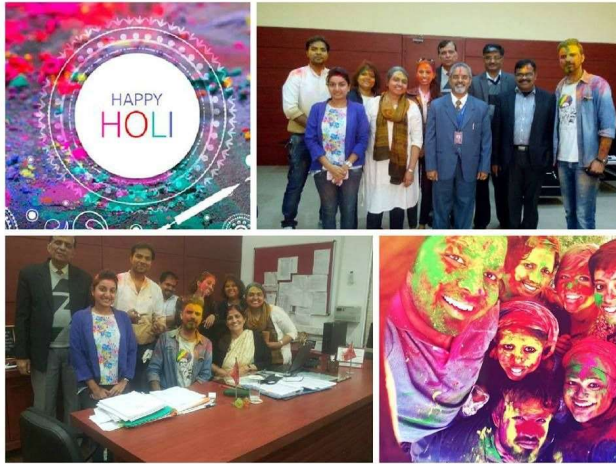

Holi is the great festival of colours, celebrated every year by the people in India. Holi festival falls every year in the spring season in the month of March. Holi festival celebration starts at the last day of Phalgun by the Holika Dahan in the evening and colour play in the next morning.

School of Computing Science & Engineering celebrates the festivals to keep the traditions and culture alive. Recently on March 10th 2017, the department celebrated “Holi – The festival of colors” with lots of fun and delicious food. Galgotias University is a melting pot of different cultures and partaking in Holi celebration encouraged everyone to blend in even further.

Holi at GU was unforgettable because it went beyond the colors. The prayer and the celebration made many of us to appreciate our strong connections with different cultures. During the celebration both students and faculty felt a sense of togetherness and goodwill.
