SCHOOL OF COMPUTING SCIENCE AND ENGINEERING
REPORT ON INDEPENDENCE DAY CELEBRATION

Date: 15 AUG 2017
Venue: Campus Ground
Time: 9:00 AM

It was a red letter day in the history of India when the country got her freedom on August 15, 1947. It took hundreds of years for us to break shackles of slavery. People of the country celebrate this festival every year with great pomp and show. The main program is celebrated at the Red Fort in New Delhi. Besides, this festival is also celebrated in every city and town, in school, college and university.

School of Computing Science and Engineering also celebrates this festival every year. For this year, we had made all the preparations. We began this day from the hoisting of the Tricolor followed by National Song (Vande mataram). In the morning NCC cadets of our school marched out in a procession through the main campus ground with a band playing the National Song (*Vande Matram*). This tribute to our country and flag was awesome. This event was ended by the speech of VC and Dean of SCSE which brought the spirit to the event.
