SCHOOL OF COMPUTING SCIENCE AND ENGINEERING REPORT ON DIWALI CELEBRATION

Date: 19 OCT, 2017

Venue: Food Court Area

Time: 3 PM

Diwali is celebrated with great fervour and enthusiasm by people throughout the world. Although it's considered as a Hindu festival, people from different communities celebrate the bright festival. Diwali is often referred to as the "Festival of Lights".

People light earthen oil lamps and decorate their houses with lights of different colours and sizes which glitter at their entrances and fences and make for a mesmerizing view. Students made a carnival like event in the Campus food Court Area, one could feel the spirit of the event and can't help but to become a part of this beautiful event which was organized by School of Computing Science and Engineering.

This year we wanted to celebrate our Diwali differently. We had planned the whole program precisely. There were games and entertainment programs by our students. And to our amazement, all the elders had an active participation in the programs. Their faces were gleaming with joy and laughter.

Prepared by Event Coordinator

A handwritten signature in blue ink, appearing to be 'Dr. J. L.', is written over a faint, illegible stamp.
