Message from the CEO

Mr. Dhruv Galgotia

The higher education scenario in particular is undergoing a dramatic and drastic transformation. This promises to offer a better life quality and benefits to the Society. On one hand, it is heartening to note the plethora of higher educational institutions making education accessible to everyone. On the other hand, it is also important to note the apparent degradation in the standards of education. Thus, it is imperative at such a time to keep the vision firm and to deliver pragmatic, ground-breaking and holistic programs in all domains, This not only creates professionals with strong character and sound values but sets them apart by transfiguring their status from followers to global leaders. The School being vibrant has so much to share and cherish and therefore, the emergence of this Newsletter, "AWAKENING". I congratulate the Dean, Faculty Members and all Students of the School of Law and wish them great success in their future endeavours.

The focus lay on the effectiveness of operations by public functionaries.

It was propagated that simultaneous efforts are also required to target the youth, especially the students studying in schools, so as to build a society fully aware of human rights issues. Among the public functionaries, the police are the most important machinery as majority of the complaints of violation of Human Rights

Anti Ragging Drive @ Galgotias University

received in the Commission, originates from this end. The issues relating to Human Rights which are necessary to be stressed upon on the target group relate to both civil and political rights as well as the social, economic and cultural rights. Consciousness regarding the prevailing criminal justice system and the reforms needed in the area of police functioning so that the civil and political rights of people are better protected also formed part of the discussion. The system should provide for sufficient remedies against their violation. The issues of importance in this area are rights of the prisoners, especially under trial, custodial justice from torture and prevention of custodial violence.

Exploring these topics, create a safe place for students to examine, discuss, challenge and form their own opinions and values. The knowledge and respect of rights that students gain from this, combined with understanding, respect and tolerance for difference, can empower them to tackle prejudice, improve relationships and make the most of their lives. In our ever more diverse and challenging society, it becomes more important to instill young people with these positive and open-minded attitudes.

The event started with the brief introduction about Sardar Vallabh Bhai Patel given by Ms. Drishti Malhotra which was followed by a memorial address by Mr. Abhishek Rana. The works of the famous personality were highlighted in a form of poem by Mr. Jatin Lalit Singh. A team of students from School of Law sang patriotic songs dedicated to the great leader. A short documentary giving an insight on the contribution of Sardar Vallabh Bhai Patel in building of this magnanimous, democratic, socialist, republic and secular country.

The students of SOL made posters and flooded the corridors of School of Law with the inspiring quotes by the magnificent leader.

The cherry on the cake was that our Dean, Prof. (Dr.) Kiran Gardner inspired all of us with the real life and heart touching story, of a remote village of Gujarat, where she had visited the court where Sardar Vallabh Bhai Patel practiced for years together.

EDITOR'S PEN

Dear Readers,

As another prolific semester comes to an end, the School of Law felt that it would be a good way to enter the New Semester by seeking inspiration from our past efforts. We thus, decided to come up with the First Issue of our News-Letter "AWAKENING". It is not only an effort to preserve our memories and insight gained but also depicts the creativity displayed by the SOL community of Students and Teachers.

The News-Letter "AWAKENING" is a blend of initiatives of School of Law not only confined to Curriculum based activities but also "Outcome Based Learning" inclusive of Seminars, Workshops, Moot Court activities as well as the Research output achieved.

"AWAKENING" is a chronicle of the headway achieved in the direction of "Mission" and "Vision" leading to "Outcome Based Education" by School of Law. Our students themselves have shown great enthusiasm and made each and every event undertaken, a valuable learning experience. The "AWAKENING" is an Endeavour to highlight and put forth to the readers the contribution by sharing the experience and efforts of the SOL family.

Establishing a propensity to consume among you Law enthusiasts in its very first issue is an acknowledgement of information pertinence and sufficiency of "AWAKENING". We look forward to continuing this productive channel of fun along with learning for years to come. The future success of the "AWAKENING" depends on your valued Comments, Contributions and Innovative Ideas.

We look forward to the same to enrich the forth coming issues of the "AWAKENING" through your suggestions for further improvement.

We hope you will enjoy reading this issue.
