## Introduction

- Voluntary Health Association of India is a national network of health and development organizations with more than 4000 member institutions spread across the country.
- VHAI was founded in 1970 with the goal of "making health a reality for the people of India."
- VHAI is one of the world's largest association of voluntary agencies working towards promoting health and development.
- VHAI is a federation of 27 State-level Voluntary Health Associations (SVHAs)
- VHAI has been recognised as an official national umbrella by Govt. of India.
