Description (min 250 to max 800 words)*

The School of Business has organized an alumni talk on “**Find your Motivation.**”. Alumni Ms. Shalini Lall of Batch 2015-18 was the speaker for the day. Presently, she is associated with Zomato as an Account Manager.

Ms Akanksha and Ms Ankita welcomed Ms. Shalini Lall and requested her to enlighten the students. She shared her journey and recalled the time when she was a student at Galgotias University. She shared the role of the faculties and co-curricular activities in personality development and growth in his life. She was also an active member of various clubs of the Galgotias University and so she especially emphasized the role of these activities in one’s grooming.

She mentioned that your interest is important, and one should choose the specialization based on the interest because it affects their ability to perform. If one would think about what society thinks then it would be difficult for them to grow, one should try harder and fight to achieve their targets. She beautifully explained how one can get motivation from various people around them and values that one can learn from each and every person around them.

Ms. Shalini continued discussion with how one can get affected by one's self and how random people and their story can create a sense of motivation and inspiration for you. As rightly quoted by her “Define your goals towards your interest way”, she explained how much it is important to follow one’s passion and be motivated towards your goal in correct manner. She also highlighted the importance of good company in one’s life for growth and development.

Students were excited and asked many questions related to how they can get rid of criticisms of people and start their journey. She took on the questions one by one and specifically focused on the question where she talked about how anyone can opt for their own interest and follow their passion instead of focusing on what society would say as their judgement. Extracurricular activities
