**Photograph-1**

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Innovation is more than a concept". The slide text reads: "It needs to be grounded in some practical **tools** and **methods**. It needs **systems** and **solutions**. There's nothing wrong with feeling good about it but you need to have something in place to keep innovation going after the singing and dancing has ended." The slide features a lightbulb illustration at the bottom right. The Zoom toolbar at the top includes icons for Take control, Pop out, Chat, People, Raise, React, View, Rooms, Apps, More, Camera, Mic, Share, and a Leave button. The right sidebar shows participant avatars for RB (Raj Singh Bhati), PS (Partha Sen), and a group of 99+ participants. The bottom status bar shows the temperature as 22°C and the time as 18:48 on 11-02-2023.

The screenshot shows a Zoom meeting interface displaying a presentation slide titled "Process of Innovation". The slide content includes: "One way to categorize innovation is to classify it based on two dimensions: the technologies it use and the market it operates in. We can use the innovation matrix to visualize the most common types of innovation." Below this is a 2x2 matrix with the following quadrants:
 

- SUSTAINING**: Exists in the current market and instead of creating new value, networks, it improves and grows the existing ones.
- DISRUPTIVE**: Creates a new value network, either by disrupting an existing market or creating a completely new market.
- INCREMENTAL**: A series of gradually built improvements to existing products, process or methods to maintain position over time.
- RADICAL**: Completely disrupts existing business or existing market economy & creates a new business model.

 The matrix is plotted on a graph with "Market Model" on the vertical axis (ranging from Closed to Open) and "Business Model" on the horizontal axis (ranging from Closed to Open). The Zoom interface and participant list are consistent with the previous screenshot, showing the time as 19:00 on 11-02-2023.

**Description (min 150 to max 800 words) \***

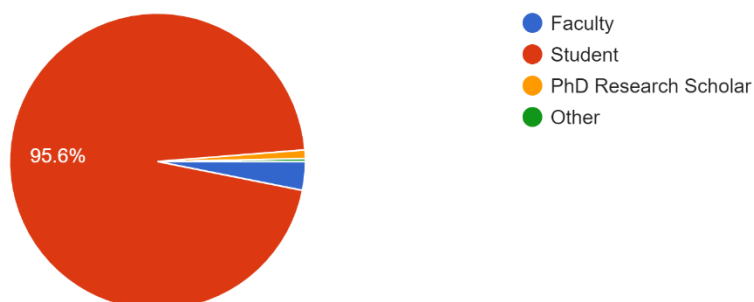

Institution's Innovation Council (IIC) in collaboration with School of Business, Galgotias University successfully organized " **Expert talk on Process of Innovation Development, Technology Readiness Level (TRL) and Commercialization of Lab Technologies & Tech-Transfer**" on 11 February, 2023, from 06:30 AM to 9:00 PM.

More than 400 participants including UG and PG students and faculties of Galgotias University and other institutes were attended the session. Dr. Gaurav Kumar, Associate Professor, Division of Clinical Research and Incharge IIC welcomed the invited speakers and participants. He informed about the functioning of Institute Innovation Council, Galgotias University and discussed the

	<p>achievements with participants. Thereafter, he invited Prof. Anamika Pandey, Dean School of Business to address the gathering.</p> <p>Prof. Sankar Mukherjee introduced the Invited Speakers and invited them for the talk. Partha Sen, CIPM, SaaS Product Maker, Google AI. reAI evangelist, CoreAI Lead Engineer delivered the invited talk and motivated the participants. He discussed the Technology Readiness Level (TRL) and Commercialization of Lab Technologies &amp; Tech-Transfer.</p> <p>Raj Singh, Director of Marketing, Galgotias University, Gr. Noida, UP delivered the talk and elaborated the Process of Innovation Development.</p> <p>During the question answer session, several participants asked their queries and got satisfactory answers.</p> <p>Sir, How I draw the creative capacity of the wider organization into the innovation process?</p> <p>The session was ended with vote of thanks by Dr. Gaurav Kumar, In charge, Institution's Innovation Council.</p> <p>Prof. Anamika Pandey, Dean School of Business and Prof. Sankar Mukherjee facilitated the speakers with e-memento.</p>
