Report on

T-20 CRICK TOURNAMENT

Organised By

School of Electrical, Electronics and Communication Engineering

ON

24-25, FEBRUARY, 2017

Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development. Sports play a vital role in the student's life. A student should study hard to be successful in competitive examinations. But he should also play games and sports to enjoy the health and vigour of life.

Considering the concept of sports for all throughout the entire session we organized Inter-department "T-20 Crick Tournament" for students. It is one of the largest cocurricular

activity programs that offer an extensive opportunity to all the students to tests one's physical capability.

A "T-20 Crick Tournament" event was organized by the School of Electrical, Electronics & Communication Engineering at Galgotias University, Greater Noida, on Feb 24-25, 2017 in which all the students from SEECE participated with great fervor and manifested their sports skills with an unimpeachable finesse.

Sports fest

Sports is the way human beings test and surpass their limits of discipline, persistence, compassion and dedication. With the same principles the 1-day sports Meet of School of Architecture commenced on 4th April 2017.

SOA conducted following sports event:

- Basketball
- Volleyball

Basketball

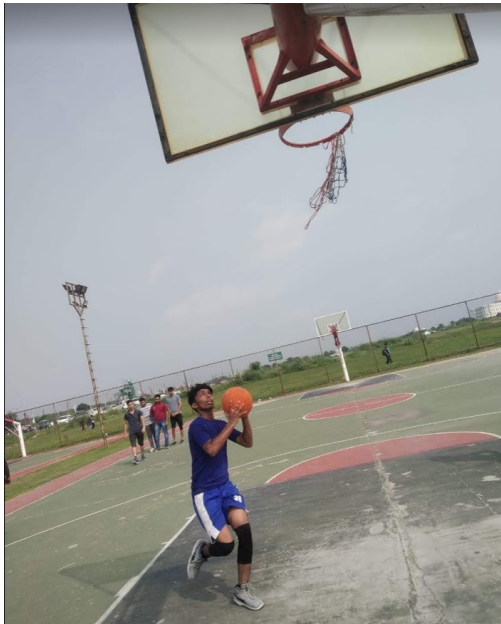

3 x 3 basketball (pronounce three ex three) is a variation of basketball played three a side on one basketball hoop. The FIBA 3 X 3 world cup for men and women are highest tournament for National 3X3 teams.

3 on 3 basketball is a half-Court game played by two teams of three players each, including a maximum of three substitutes.

Rules of Basketball Tournament:

The rules of basketball can vary slightly depending on the level of play (for example professional rules differ from college rules) or where the game is played (international rules are different from USA professional rules). These rule differences, however, are usually just variations on the basic game of basketball and the majority of the rules discussed below can be applied to most any game of basketball played. The winner of a basketball game is the team with the most points. You get points by throwing the basketball through the opponent's hoop or basket. In regular play a basket made from within the three point line is worth 2 points and a basket shot from outside the three point line is worth three points. When shooting a free throw, each free throw is worth 1 point.
