Report

5. Republic Day Celebration at Dankaur Village.

Republic Day is a national holiday in India. It honours the date on which the Constitution of India came into effect on 26 January 1950 replacing the Government of India Act (1935) as the governing document of India and thus, turning the nation into a newly formed republic. The Constitution was adopted by the Indian Constituent Assembly on 26 November 1949 and came into effect on 26 January 1950 with a democratic government system, completing the country's transition towards becoming an independent republic. 26 January was chosen as the date for Republic day because it was on this day in 1929 when the Declaration of Indian Independence (Purna Swaraj) was proclaimed by the Indian National Congress in lieu of the Realm status as a Dominion later initiated by the British Regime. On 26th January 2018, 69th Republic day was celebrated in Dankaur Village with great enthusiasm and zeal. A total of 165 students participated in this event.The Celebration started with flag hoisting by Honorable Vice Chancellor Professor (Dr.) Renu Luthra. Zall band has mesmerized the audience with their back to back performance. 165 students of Galgotias University participated in the programme. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Report

6. Shaheed Diwas at Dankaur Village.

30 January is the date observed at the national level. The date was chosen as it marks the assassination of Mohandas Karamchand Gandhi in 1948, by Nathuram Godse. On Martyr's Day the president, the vice president, the prime minister, the defence minister, and the three Service Chiefs gather at the samadhi at Raj Ghat memorial and lay wreaths decorated with multi-colour flowers. The armed forces personnel blow bugles sounding the Last Post. The inter-services contingent reverse arms as a mark of respect. A two-minute silence in memory of Indian martyrs is observed throughout the country at 11 am. Participants hold all-religion prayers and sing tributes.

On 30th January 2018, Galgotias University Primary at Dankaur Village celebrated the Shaheed Diwas to commemorate all the Indian martyrs. Students performed patriotic songs and delivered speeches to pay tribute to them.

150 students of Galgotias University participated in the programme. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

10. Right to Information Programme and T-Shirt Launch at Dankaur Village.

Right to Information (RTI) is an act of the Parliament of India which sets out the rules and procedures regarding citizens' right to information. It replaced the former Freedom of Information Act, 2002. Under the provisions of RTI Act, any citizen of India may request information from a "public authority" (a body of Government or "instrumentality of State") which is required to reply expeditiously or within thirty days. In case of matters involving a petitioner's life and liberty, the information has to be provided within 48 hours. The Act also requires every public authority to computerize their records for wide dissemination and to proactively publish certain categories of information so that the citizens need minimum recourse to request for information formally.

Right to information and T-Shirt Launch was organized by Legal Aid Society of School of Law on 16th February 2018. A total of 160 students participated in this event.

The students and faculties participated with great enthusiasm. The main motive of the event was to create awareness about the right to information in society. The T- shirt launch was organized by the students and was highly appreciated by everyone.

12. Training Programme to Females of Kasna Village on Self Defence.

Self-defense (self-defence in some varieties of English) is a countermeasure that involves defending the health and well-being of oneself from harm. The use of the right of self-defense as a legal justification for the use of force in times of danger is available in many jurisdictions.

Self-defense techniques and recommended behavior under the threat of violence is systematically taught in self-defense classes. Commercial self-defense education is part of the martial arts industry in the wider sense, and many martial arts instructors also give self-defense classes. While all martial arts training can be argued to have some self-defense applications, self-defense courses are marketed explicitly as being oriented towards effectiveness and optimized towards situations as they occur in the real world. Many systems are taught commercially, many tailored to the needs of specific target audiences (e.g. defense against attempted rape for women, self-defense for children and teens). Notable systems taught commercially include:

Civilian versions of modern military combatives, such as Krav-Maga, Defendo, Spear, Systema

Jujutsu and arts derived from it, such as Aikijujutsu, Aikido, Bartitsu, German ju-jutsu, Kodokan Goshin Jutsu. Model Mugging: Traditional unarmed fighting styles like Karate, Taekwondo, Kung fu, Hapkido, Pencak Silat, etc. These styles can also include competing. Traditional armed fighting styles like Kali/Eskrima/Arnis. These include competing, as well as armed and unarmed combat.

Street Fighting oriented, unarmed systems, such as Jeet Kune Do, Kajukenbo, Won Sung Do and Keysi Fighting Method. Martial sports, such as boxing, kickboxing, Muay Thai, savate, shoot boxing, Sanshou, grappling, judo, Brazilian jiu-jitsu, Sambo, mixed martial arts, and wrestling.

Training Programme to Females of Kasna Village on Self Defence was organised by Galgotias Self Defence Club on the occasion of Womens Day on 12/03/2018. A total of 160 participants were there from the University.

The training session was a great success as a huge number of females participated in this session. The teachers and students participated in this event with full enthusiasm. The training session was very useful for the students.

13. Women 's Day Celebration at Dankaur Village.

International Women's Day (IWD) is a global holiday celebrated annually on March 8 to commemorate the cultural, political, and socioeconomic achievements of women. It is also a focal point in the women's rights movement, bringing attention to issues such as gender equality, reproductive rights, and violence against women.

International Women's Day is commemorated in a variety of ways worldwide; it is a public holiday in several countries, and observed socially or locally in others. The UN observes the holiday in connection with a particular issue, campaign, or theme in women's rights. In some parts of the world, IWD still reflects its political origins, being marked by protests and calls for radical change; in other areas, particularly in the West, it is largely sociocultural and centered on a celebration of womanhood. School of Liberal Arts students on 12 March 2018 performed Nukkad Natak to educate people about the rights of the women in society on the occasion of Women's day. A total of 207 participants were included in this event. The main message was to spread awareness about the importance of women's rights of women in society. The teachers also participated with great enthusiasm.The event was highly appreciated by everyone.

17. Awareness Program On AIDS at Kasna Village.

Human immunodeficiency virus infection and acquired immunodeficiency syndrome (HIV/AIDS) is a spectrum of conditions caused by infection with the human immunodeficiency virus (HIV), a retrovirus. Following initial infection a person may not notice any symptoms, or may experience a brief period of influenza-like illness.Typically, this is followed by a prolonged period with no symptoms. If the infection progresses, it interferes more with the immune system, increasing the risk of developing common infections such as tuberculosis, as well as other opportunistic infections, and tumors which are otherwise rare in people who have normal immune function. These late symptoms of infection are referred to as acquired immunodeficiency syndrome (AIDS). This stage is often also associated with unintended weight loss.

HIV is spread primarily by unprotected sex (including anal and oral sex), contaminated blood transfusions, hypodermic needles, and from mother to child during pregnancy, delivery, or breastfeeding. Some bodily fluids, such as saliva, sweat and tears, do not transmit the virus.

Methods of prevention include safe sex, needle exchange programs, treating those who are infected, as well as both pre- and post-exposure prophylaxis. Disease in a baby can often be prevented by giving both the mother and child antiretroviral medication. There is no cure or vaccine; however, antiretroviral treatment can slow the course of the disease and may lead to a near-normal life expectancy. Treatment is recommended as soon as the diagnosis is made. Without treatment, the average survival time after infection is 11 years.

On 28 March 2018, School of Liberal Arts and SOE organized awareness programs On HIV/AIDS for the students. The 160 students of Galgotias University had participated in the event. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

18. Survey on Right to Information Programme at India Gate.

Right to Information (RTI) is an act of the Parliament of India which sets out the rules and procedures regarding citizens' right to information. It replaced the former Freedom of Information Act, 2002. Under the provisions of RTI Act, any citizen of India may request information from a "public authority" (a body of Government or "instrumentality of State") which is required to reply expeditiously or within thirty days. In case of matters involving a petitioner's life and liberty, the information has to be provided within 48 hours. The Act also requires every public authority to computerize their records for wide dissemination and to proactively publish certain categories of information so that the citizens need minimum recourse to request for information formally. A Survey on RIGHT TO INFORMATION ACT 2005 at India Gate and Botanical Garden Metro Station was organized by Legal Aid Society, Galgotias University on 29th March 2018. A total of 20 students participated in the event. The event was a huge success as a lot of participants filled up the survey. The teachers and students participated in this event with full enthusiasm.

22. Mental Health Awareness Camp at Kasna Village.

Mental health, defined by the World Health Organization (WHO), is "a state of well-being in which the individual realizes his or her own abilities, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to his or her community". According to the WHO, mental health includes "subjective well-being, perceived self-efficacy, autonomy, competence, intergenerational dependence, and self-actualization of one's intellectual and emotional potential, among others". From the perspectives of positive psychology or of holism, mental health may include an individual's ability to enjoy life and to create a balance between life activities and efforts to achieve psychological resilience. Cultural differences, subjective assessments, and competing professional theories all affect how one defines "mental health

23. Go Green Environmental Awareness Campaign at Dankaur Village.

The go green campaigns are the types of campaigns which aim at raising public awareness of environmental degradation and to teach people about the green behaviour.

Go green campaigns are widely used to expose the environmental issues to the public and at the same time to inculcate the awareness of green behaviour on the environment. Malaysia as a developing country is stepping into the way of going green and both the Government and Non-Government Organizations (NGOs) have been asked to conduct green campaigns to inform and educate the public towards the green behaviour. This study aims to determine the extent to which the selected social-economic characteristics and attitudinal factors influence respondents to have the intention to change their behaviour for a green way. Based on the results there is a positive reaction towards green campaigns among the respondents. For the binary logistic regression the higher income and the higher education level respondents have a stronger intention to change their behaviour as the result of the green campaign.

On 10 April 2018, School Of Humanities And Social Sciences celebrated the Go Green Environmental Awareness Campaign. 150 students of Galgotias University took part in the programme. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

27. Awareness Program on Road Safety at Dankaur Village.

Road traffic safety refers to the methods and measures used to prevent road users from being killed or seriously injured. Typical road users include pedestrians, cyclists, motorists, vehicle passengers, horse riders, and passengers of on-road public transport (mainly buses and trams). As sustainable solutions for classes of road safety have not been identified, particularly low-traffic rural and remote roads, a hierarchy of control should be applied, similar to classifications used to improve occupational safety and health. At the highest level is sustainable prevention of serious injury and death crashes, with sustainable requiring all key result areas to be considered. At the second level is real-time risk reduction, which involves providing users at severe risk with a specific warning to enable them to take mitigating action. The third level is about reducing the crash risk which involves applying the road-design standards and guidelines (such as from AASHTO), improving driver behavior and enforcement.

On 10th May 2018, School of Law of Galgotias University, Greater Noida organized a road safety event for the students. A lecture was delivered to create awareness on road safety.

150 students of Galgotias University participated in the program. All the students, faculty members and guests participated in the event with great enthusiasm.

28. Awareness Program on Say No to Poly bags at Bagpur Village.

The polythene bags are non-biodegradable, i.e they cannot be decomposed by microorganisms into the free state of nature. They remain as they are even after many years, decades. Even the animals consuming these polythene bags die an unnatural death due to the damage caused in their internal body system. During the rainy season drains get blocked and over flooded because of these polythene bags. Thus, the State Government has banned the use of polythene bags. However the ban is not visible on the ground as we see shopkeepers still using polythene bags. It is not only the duty of the Government to look into this matter but it is also the duty of each and every individual to see that we don't use these bags. By using these bags we will not only harm the environment but ourselves also. The people too seem to be oblivious to the need of saying 'No to polythene bags.'

On 20th May 2018, SMAS at Galgotias University organized an awareness program on 'Say No to Polybags'. Students made poster presentations, slogans and nukkad natak to demonstrate the importance of not using polybags.

The 160 students of Galgotias University took part in the program and participated. All the students, faculty members and guests participated in the event with great enthusiasm.

29. Selfcare for Healthcare Workers at Vishwas Mental Health Care, Greater Noida.

Mental health, defined by the World Health Organization (WHO), is "a state of well-being in which the individual realizes his or her own abilities, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to his or her community". According to the WHO, mental health includes "subjective well-being, perceived self-efficacy, autonomy, competence, intergenerational dependence, and self-actualization of one's intellectual and emotional potential, among others". From the perspectives of positive psychology or of holism, mental health may include an individual's ability to enjoy life and to create a balance between life activities and efforts to achieve psychological resilience. Cultural differences, subjective assessments, and competing professional theories all affect how one defines "mental health".

On 31st May 2018, sensitization programme towards self care programme for healthcare workers at Vishwas Mental Health Care was organized for 40 B.A(H) Psychology students. The objective of the visit was to enlighten their knowledge about mental disabilities and enable them to know how to help such people and institutes in future.

40 students of Galgotias University participated in the trip. All the students and faculty members participated in the trip with great enthusiasm.

31. Awareness Rally on "Save the Earth, Plant a Tree" at Atta Village.

Trees produces oxygen that is life line of all living beings. In the hot summer we usually plan trips in the hilly areas. But if the rate of cutting Trees remains same then we don't have enough Trees to plan a trip, seasonal raining and amount of fresh oxygen will no longer be available. Trees helps to clean the air, soil and water, making the earth a beautiful livable place. Living close to trees makes us healthier and happier. It's time to SAVE Trees, protect forests and spread awareness. If you want to save trees, you can help by protecting those that grow around your home, and planting more Trees. Reduce the use of paper products, too.

On 10th June 2018, School of Liberal Arts of Galgotias University, Greater Noida organized an awareness rally to signify the importance of plantation and saving the earth. Various plants were planted in the university.

155 students of Galgotias University took part in the program. All the students, faculty members and guests participated in the event with great enthusiasm.

Report

32. Campaign "Voice Against Child Labor" at Bagpur Village.

Child labour refers to the exploitation of children through any form of work that deprives children of their childhood, interferes with their ability to attend regular school, and is mentally, physically, socially and morally harmful. Such exploitation is prohibited by legislation worldwide, although these laws do not consider all work by children as child labour; exceptions include work by child artists, family duties, supervised training, and some forms of child work practiced by Amish children, as well as by indigenous children in the Americas. Child labour has existed to varying extents throughout history. During the 19th and early 20th centuries, many children aged 5–14 from poorer families worked in Western nations and their colonies alike. These children mainly worked in agriculture, home-based assembly operations, factories, mining, and services such as news boys—some worked night shifts lasting 12 hours. With the rise of household income, availability of schools and passage of child labour laws, the incidence rates of child labour fell.

On 12th June 2018, Department of Sociology of Galgotias University, Greater Noida organized a campaign "Voice against Child Labour" in nearby village. 160 students of Galgotias University took part in the program. All the students, faculty members and guests participated in the event with great enthusiasm.

Report

Awareness Program on Child Abuse and Sexual Assault at Dankaur Village.

Child sexual abuse, also called child molestation, is a form of child abuse in which an adult or older adolescent uses a child for sexual stimulation. Forms of child sexual abuse include engaging in sexual activities with a child (whether by asking or pressuring, or by other means), indecent exposure (of the genitals, female nipples, etc.), child grooming, and child sexual exploitation, including using a child to produce child pornography.

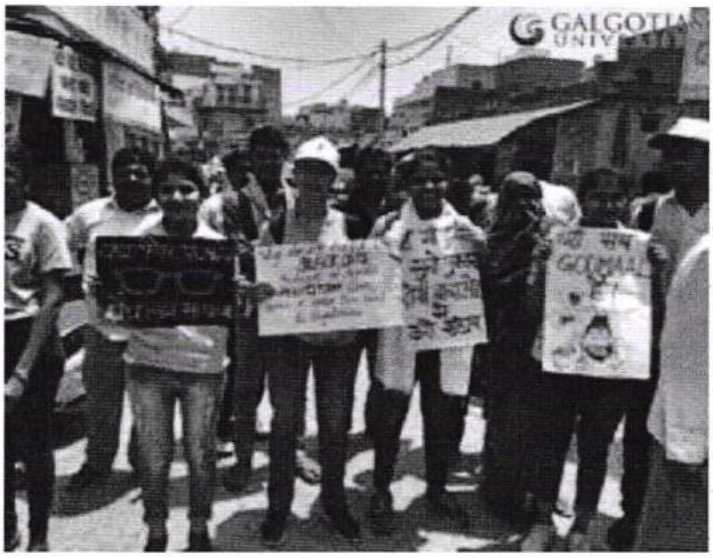

Child sexual abuse can occur in a variety of settings, including home, school, or work (in places where child labor is common). Child marriage is one of the main forms of child sexual abuse; UNICEF has stated that child marriage "represents perhaps the most prevalent form of sexual abuse and exploitation of girls". The effects of child sexual abuse can include depression, post-traumatic stress disorder, anxiety, complex post-traumatic stress disorder, propensity to further victimization in adulthood, and physical injury to the child, among other problems. Sexual abuse by a family member is a form of incest and can result in more serious and long-term psychological trauma, especially in the case of parental incest.

On 26th June 2018, School of Law of Galgotias University, Greater Noida organized a lecture to create awareness on child abuse and sexual assault.

40 students of Galgotias University who took part in the program. All the students, faculty members and guests participated in the event with great enthusiasm.

36. Panel Discussion on Prevention of Drugs Abuse and Illicit Trafficking at Atta Gujran Village.

The International Day Against Drug Abuse and Illicit Trafficking is a United Nations International Day against drug abuse and the illegal drug trade. It has been observed annually on 26 June, since 1989. The date June 26 is to commemorate Lin Zexu's dismantling of the opium trade in Humen, Guangdong, ending on June 25, 1839, just before the First Opium War in China. The observance was instituted by General Assembly Resolution 42/112 of 7 December 1987.

On 26 June 1987, two important texts (Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control & Declaration of the International Conference on Drug Abuse and Illicit Trafficking) were adopted at the International Conference on Drug Abuse and Illicit Trafficking, which was held in Vienna during 17–26 June 1987. The Conference recommended that an annual day should be observed to mark the importance of the fight against drug abuse and illicit trafficking. Both the dates 17 June and 26 June were suggested, and in the later meetings 26 June was chosen and written into the draft and final resolution.

On 28th June 2018, Galgotias school of liberal arts organized a panel discussion on prevention of drug abuse and illicit trafficking in India on the occasion of international day against drug abuse & illicit afficking.

150 students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Report

41. Independence Day Celebration at Dasna Village.

Independence Day is celebrated annually on 15 August as a national holiday in India commemorating the nation's independence from the United Kingdom on 15 August 1947, the day when the provisions of the 1947 Indian Independence Act, which transferred legislative sovereignty to the Indian Constituent Assembly, came into effect. India retained King George VI as head of state until its transition to a full republic, when the nation adopted the Constitution of India on 26 January 1950 (celebrated as Indian Republic Day) and replaced the dominion prefix, Dominion of India, with the enactment of the sovereign law Constitution of India. India attained independence following the Independence Movement noted for largely non-violent resistance and civil disobedience.

Independence coincided with the partition of India, in which British India was divided along religious lines into the Dominions of India and Pakistan; the partition was accompanied by violent riots and mass casualties, and the displacement of nearly 15 million people due to religious violence. On 15 August 1947, the first Prime Minister of India, Jawaharlal Nehru raised the Indian national flag above the Lahori Gate of the Red Fort in Delhi. On each subsequent Independence Day, the incumbent Prime Minister customarily raises the flag and gives an address to the nation.The entire event is broadcast by Doordarshan, India's national broadcaster, and usually begins with the shehnai music of Ustad Bismillah Khan.

Independence Day is observed throughout India with flag-hoisting ceremonies, parades and cultural events. It is a national holiday.

On 14th August 2018, SLA celebrated Independence Day. Students performed various activities: debate, quiz competition, patriotic songs to mark the event successful.

155 students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in the event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Report

42. Programme on Prevention on Sexual Harassment at Bagpur Village.

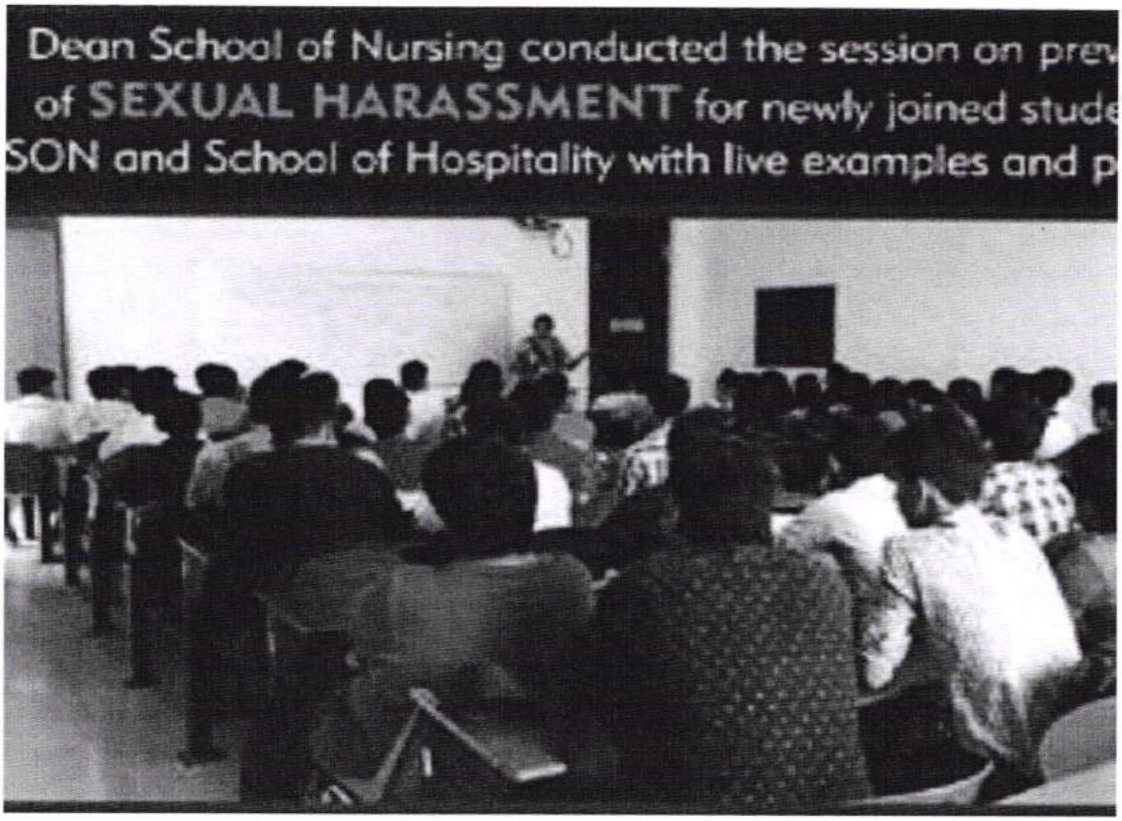

Sexual harassment is a type of harassment involving the use of explicit or implicit sexual overtones, including the unwelcome and inappropriate promise of rewards in exchange for sexual favors. Sexual harassment includes a range of actions from verbal transgressions to sexual abuse or assault. Harassment can occur in many different social settings such as the workplace, the home, school, churches, etc. Harassers or victims may be of any gender.

In most modern legal contexts, sexual harassment is illegal. Laws surrounding sexual harassment generally do not prohibit simple teasing, offhand comments, or minor isolated incidents—that is due to the fact that they do not impose a "general civility code." In the workplace, harassment may be considered illegal when it is frequent or severe thereby creating a hostile or offensive work environment or when it results in an adverse employment decision (such as the victim's demotion, firing or quitting). The legal and social understanding of sexual harassment, however, varies by culture.

On 24th August 2018,Dean School of Nursing organized programme on the prevention of sexual harassment for newly joined students of SON and School of Hospitality with live examples and pictorials. 150 students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Contraception allows them to put off having children until their bodies are fully able to support a pregnancy. It can also prevent pregnancy for older people who face pregnancy-related risks. Contraceptive use reduces the need for abortion by preventing unwanted pregnancies.

On 27th August 2018, School of Nursing in collaboration with Academy for continued Health Care Learning organised CME Programme on Contraception Awareness for Health Care Providers.

155 students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Report

44. Talk by Swachh Bharat Team at Dankaur Village.

Swachh Bharat Mission (SBM), Swachh Bharat Abhiyan, or Clean India Mission is a country-wide campaign initiated by the Government of India in 2014 to eliminate open defecation and improve solid waste management. It is a restructured version of the Nirmal Bharat Abhiyan launched in 2009 that failed to achieve its intended targets. Phase 1 of the Swachh Bharat mission lasted till October 2019. Phase 2 will be implemented between 2020–21 and 2024-25.

Initiated by the Government of India, the mission aimed to achieve an "open-defecation free" (ODF) India by 2 October 2019, the 150th anniversary of the birth of Mahatma Gandhi. The objectives of the first phase of the mission also included eradication of manual scavenging, generating awareness and bringing about a behavior change regarding sanitation practices, and augmentation of capacity at the local level. The second phase of the mission aims to sustain the open defecation free status and improve the management of solid and liquid waste. The mission is aimed at progressing towards target 6.2 of the Sustainable Development Goals Number 6 established by the United Nations in 2015.
On 27th August 2018, Swaccha Bharat Team of Gautam Budh Nagar addressed the first year students of BBA and MBA students. The exercises were beneficial and useful to the volunteers.

160 students of Galgotias University were registered to take part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. All the volunteers were very active during this session and also, they are energetic. They all made the day with a lot of eagerness and activeness.

Report

47. Blood Donation Camp at Dankaur Village.

A blood donation occurs when a person voluntarily has blood drawn and used for transfusions and/or made into biopharmaceutical medications by a process called fractionation (separation of whole blood components). Donation may be of whole blood, or of specific components directly (apheresis). Blood banks often participate in the collection process as well as the procedures that follow it.

On 7th September 2018, School of Nursing organized a blood donation camp. The exercises were beneficial and useful to the volunteers and also extremely eventful.

150 students of Galgotias University were registered to take part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. All the volunteers were very active during this session and also, they are energetic. They all made the day with a lot of eagerness and activeness.

The Ministries observing Swachhata Pakhwada are monitored closely using online monitoring system of Swachhata Samiksha where action plans, images, videos related to Swachhata activities are uploaded and shared. After observing Swachhata Pakhwada, Ministries/ Departments announce their achievements through a press conference and other communication tools. For the Pakhwada fortnight, observing ministries are considered as Swachhata Ministries

54. Organ Donation Awareness Program at GIMS.

Organ donation is the process when a person allows an organ of their own to be removed and transplanted to another person, legally, either by consent while the donor is alive or dead with the assent of the next of kin. Donation may be for research or, more commonly, healthy transplantable organs and tissues may be donated to be transplanted into another person. Common transplantations include kidneys, heart, liver, pancreas, intestines, lungs, bones, bone marrow, skin, and corneas. Some organs and tissues can be donated by living donors, such as a kidney or part of the liver, part of the pancreas, part of the lungs or part of the intestines, but most donations occur after the donor has died.

On 14th September 2018, An organ donation awareness program organised by division of School of Nursing in collaboration with MOHAN FOUNDATION (NGO). The event was beneficial and useful to the volunteers.

150 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

56. Legal Awareness Programme on the topics of Good Touch & Bad Touch at Seva Group India NGO

Today, child molestation and physical abuse are so very rampant. Every other day we get to hear stories about a child being molested or touched inappropriately. What's more, children who fall prey to this are normally below six years of age. They are too young and innocent to know the difference between right and wrong because the abuser is generally someone known to them and the family.

Therefore, while it is a terrible subject to talk about, parents must get out of their 'discomfort' zone and educate their children about this issue to keep them safe and sound.

Good touch: A touch that makes a child feel secure, cared for and happy. For example a mother hugging a child or a grandparent kissing their child or a doctor examining a child. Any touch that makes the child happy or secure is a good touch.

Bad touch: A touch that makes a child uncomfortable, afraid or nervous is a bad touch. The child will not feel safe with a bad touch. For example, if an adult touches your child and tells him or her not to tell anyone, or if your child feels very uncomfortable when kissed or touched, then it's a bad touch.

On 8th October 2018, Students of Legal Aid Society organised a Legal Awareness Workshop on the topics of Good Touch & Bad Touch at Seva Group India NGO,Noida on 8th October 2018 and donated a Fan to Orphanage Home under the supervision of Coordinator Legal Aid Society Manvendra Singh. The event was beneficial and useful to the volunteers.

40 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

58. Mental Health Day at Bagpur Village.

Major depressive disorder, bipolar disorder, and other mental illnesses can cause severe impairment on one's ability to function in the workplace or other roles. In addition, workplace and other stressors can exacerbate episodes of depression, mania, anxiety, or other illnesses. Left unchecked, mental health may continue to decline and can lead to serious morbidity. However, due to the lack of objective criteria and cultural perceptions that one can easily change mental health status, there may not be a perceived need for time off of work for mental health reasons.

On 10th October 2018, This event was organized by the Department of Applied Psychology, SLA at Bagpur on 10 August 2018. Lecture was delivered by the resource person, preceded by poster presentations and at the end counselling sessions were held for the students. The event was beneficial and useful to the volunteers.

155 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

59. World Food Day at Kasna Village.

World Food Day is an international day celebrated every year worldwide on 16 October to commemorate the date of the founding of the United Nations Food and Agriculture Organization in 1945. The day is celebrated widely by many other organizations concerned with hunger and food security, including the World Food Programme and the International Fund for Agricultural Development. WFP received the Nobel Prize in Peace for 2020 for their efforts to combat hunger, contribute to peace in conflict areas, and for playing a leading role in stopping the use of hunger in the form of a weapon for war and conflict.

The World Food Day theme for 2014 was Family Farming: "Feeding the world, caring for the earth"; in 2015 it was "Social Protection and Agriculture: Breaking the Cycle of Rural Poverty"; in 2016 it was Climate Change: "Climate is changing. Food and agriculture must too", which echoes the theme of 2008, and of 2002 and 1989 before that. The theme of 2020 is "Grow, nourish, sustain. Together. Our actions are our future.". On 16th October 2018, This event was organized by the school of Nursing. It is celebrated by distribution of food items from contributed money at 'Udyan Care- NGO and Prayan NGO, Greater Noida. The event was beneficial and useful to the volunteers.

150 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

60. Tree Plantation Event at Dankaur

Tree-planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purposes. It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds. Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe.

On 18th October 2018, School of Agriculture of Galgotias University celebrated Tree plantation on 18th October 2018 at Dankaur village. Students planted various types of saplings like neem, tulsi, jasmine and different types of ferns, gulmohar and many others within the university and in nearby areas. The event was beneficial and useful to the volunteers.

155 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

61. Awareness Program on "Eco-Friendly Diwali" Celebration

...li (is a festival of lights and one of the major festivals celebrated by Hindus, Jains, Sikhs and some ...uddhist, notably Newar Buddhist. The festival usually lasts five days and is celebrated during the Hindu ...isolar month Kartika (between mid-October and mid-November). One of the most popular festivals of Hinduism, Diwali symbolizes the spiritual "victory of light over darkness, good over evil, and knowledge over ignorance". The festival is widely associated with Lakshmi, goddess of prosperity, with many other regional traditions connecting the holiday to Sita and Rama, Vishnu, Krishna, Yama, Yami, Durga, Kali, Hanuman, Ganesha, Kubera, Dhanvantari, or Vishvakarman. Furthermore, it is, in some regions, a celebration of the day Lord Rama returned to his kingdom Ayodhya with his wife Sita and his brother Lakshmana after defeating Ravana in Lanka and serving 14 years of exile.

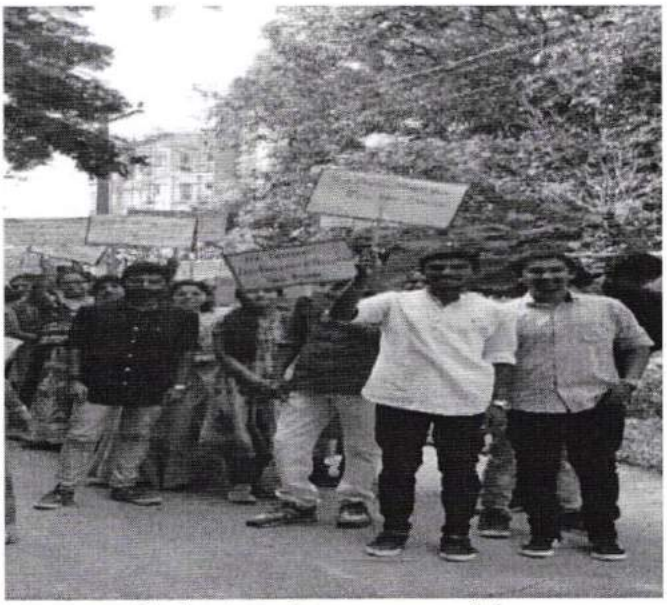

In the lead-up to Diwali, celebrants will prepare by cleaning, renovating, and decorating their homes and workplaces with diyas (oil lamps) and rangolis. During Diwali, people wear their finest clothes, illuminate ...e interior and exterior of their homes with diyas and rangoli, perform worship ceremonies of Lakshmi, ...e goddess of prosperity and wealth,[note 1] light fireworks, and partake in family feasts, where mithai (sweets) and gifts are shared. Diwali is also a major cultural event for the Hindu, Sikh and Jain diaspora. On 4th November 2018, Galgotias University organised an awareness programme on bursting green crackers and pollution free Diwali on 4 November 2018. Students went on an awareness rally, spreading the message to celebrate noiseless and green Diwali using placards with meaningful slogans. They also distributed pamphlets to the passersby and urged them to maintain a clean and pollution free environment. The event was beneficial and useful to the volunteers.

160 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. All the

62. Diwali Celebration at Tilpta Village

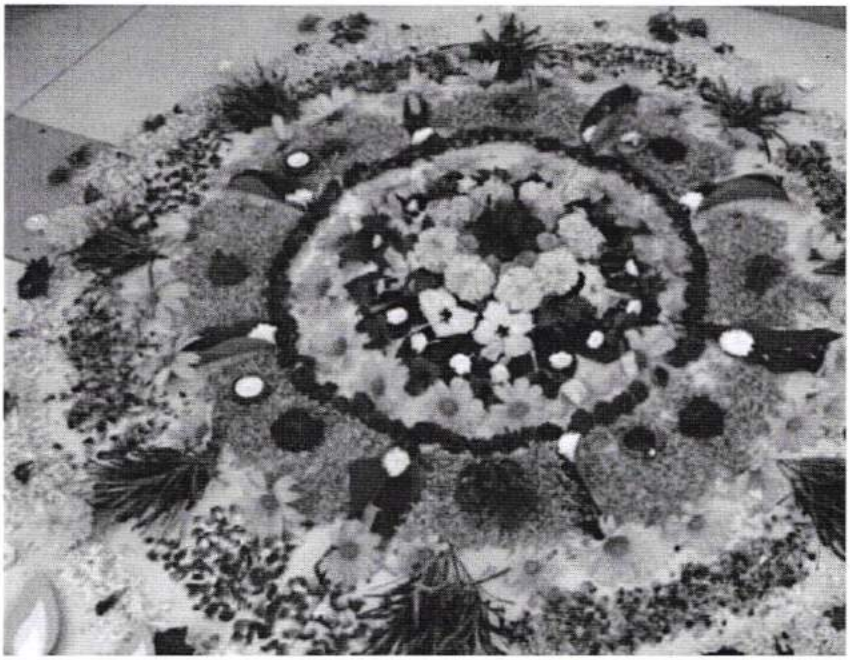

Diwali is a festival of lights and one of the major festivals celebrated by Hindus, Jains, Sikhs and some Buddhist, notably Newar Buddhist. The festival usually lasts five days and is celebrated during the Hindu lunisolar month Kartika (between mid-October and mid-November). One of the most popular festivals of Hinduism, Diwali symbolizes the spiritual "victory of light over darkness, good over evil, and knowledge over ignorance". The festival is widely associated with Lakshmi, goddess of prosperity, with many other regional traditions connecting the holiday to Sita and Rama, Vishnu, Krishna, Yama, Yami, Durga, Kali, Hanuman, Ganesha, Kubera, Dhanvantari, or Vishvakarman. Furthermore, it is, in some regions, a celebration of the day Lord Rama returned to his kingdom Ayodhya with his wife Sita and his brother Lakshmana after defeating Ravana in Lanka and serving 14 years of exile.

In the lead-up to Diwali, celebrants will prepare by cleaning, renovating, and decorating their homes and workplaces with diyas (oil lamps) and rangolis. During Diwali, people wear their finest clothes, illuminate the interior and exterior of their homes with diyas and rangoli, perform worship ceremonies of Lakshmi, the goddess of prosperity and wealth, light fireworks, and partake in family feasts, where mithai (sweets) and gifts are shared. Diwali is also a major cultural event for the Hindu, Sikh and Jain diaspora.

On 6th November 2018, Galgotias University celebrated the Diwali festival with flags and earthen lamps. There was a cultural programme on this occasion. Students presented dances and songs. All of them carried one or the other message. The event was beneficial and useful to the volunteers.

160 students of Galgotias University were registered to take part in the programme and had participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

63. Children's Day Celebration at Primary School, Greater Noida

Children's Day is celebrated across India to increase awareness of the rights, care and education of children. It is celebrated on 14 November every year as a tribute to the birthday of India's First Prime Minister, Jawaharlal Nehru. Known as Chacha Nehru among children, Nehru advocated for children to have an all-rounded education that would build a better society in the future. Nehru considered children as the real strength of a nation and foundation of society. On this day, many educational and motivational programs are held across India for children.

The celebration of Children's Day in India dates back to 1956. Prior to the death of Pt. Jawaharlal Nehru, India celebrated Children's Day on 20 November (the date observed as Universal Children's Day by the United Nations). After the death of Jawaharlal Nehru, his birth anniversary was chosen to be celebrated as Children's Day in India. A resolution was passed in the parliament to give a befitting farewell to the first Prime Minister of India

On 14th November 2018, This event was organized by the School of Liberal Arts. Stationery and chocolates were distributed among the under privileged children of slum dwellers near by university. Education is every child's birth right. Unfortunately, there are too many kids who go to school but do not get basic stationary such as notebooks, pencils, erasers, colour boxes, school bags etc. Students tried their best to reach out to many such kids in every possible way. The event was beneficial and useful to the volunteers.

150 students of Galgotias University took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

64. Energy Awareness Rally at Greater Noida.

Energy conservation is the effort made to reduce the consumption of energy by using less of an energy service. This can be achieved either by using energy more efficiently (using less energy for a constant service) or by reducing the amount of service used (for example, by driving less). Energy conservation is a part of the concept of Eco-sufficiency. Energy conservation measures (ECMs) in buildings reduce the need for energy services and can result in increased environmental quality, national security, personal financial security and higher savings. It is at the top of the sustainable energy hierarchy. It also lowers energy costs by preventing future resource depletion.

Energy can be conserved by reducing wastage and losses, improving efficiency through technological upgrades and improved operation and maintenance. On a global level energy use can also be reduced by the stabilization of population growth.

Energy can only be transformed from one form to another, such as heat energy to motive power in cars, or kinetic energy of water flow to electricity in hydroelectric power plants. However machines are required to transform energy from one form to another. The wear and friction of the components of these machines while running cause losses of very high amounts of energy and very high related costs. It is possible to minimize these losses by adopting green engineering practices to improve the life cycle of the components. Energy conservation day has been celebrated on December 14 every year since 1991.

On 14th December 2018, The Department of Physics at Galgotias University observed the National Energy Conservation Day by conducting an Energy Conservation Awareness Rally on 14th December 2018. The event was beneficial and useful to the volunteers.

150 students of Galgotias University took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

65. Christmas Day Celebration at Amarpur Village.

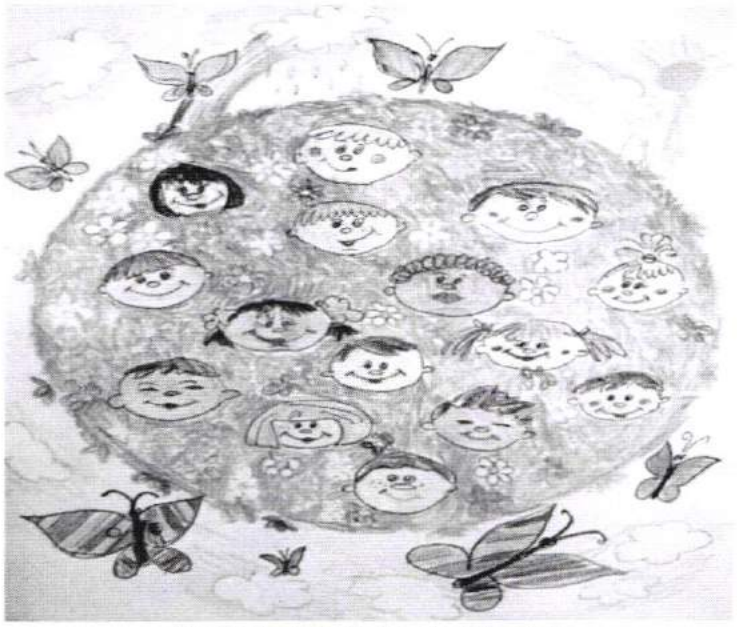

Christmas (or the Feast of the Nativity) is an annual festival commemorating the birth of Jesus Christ, observed primarily on December 25 as a religious and cultural celebration by billions of people around the world. A feast central to the Christian liturgical year, it is preceded by the season of Advent or the Nativity Fast and initiates the season of Christmastide, which historically in the West lasts twelve days and culminates on Twelfth Night. Christmas Day is a public holiday in many of the world's nations, is celebrated religiously by a majority of Christians, as well as culturally by many non-Christians, and forms an integral part of the holiday season centered around it.

The traditional Christmas narrative, the Nativity of Jesus, delineated in the New Testament says that Jesus was born in Bethlehem, in accordance with messianic prophecies. When Joseph and Mary arrived in the city, the inn had no room and so they were offered a stable where the Christ Child was soon born, with angels proclaiming this news to shepherds who then further disseminated the information
On 29th December 2018, Galgotias University celebrated Christmas eve at Amarpur. Students paint the Peace on the occasion of Christmas. Other activities such as poster competition, songs competition were organized for the students. The event was beneficial and useful to the volunteers.

Report

89. Students Participation in Rural Reconstruction at Atta Gujran, Greater Noida.

Rural camp gives an opportunity to the students of SHSS to get rural exposure, rural lifestyle, to understand rural realities like education status, health status, occupation status, social and political status of the village. Keeping the above objective in mind a rural camp was organized by SHSS in coordination of the department of sociology on 13 June.2018.

During the rural camp the students remained in a rural village named 'ATTA GUJRAN' for experience and to make a study of the different elements and structure of the village. The students were expected to make an analysis of the living condition of the people, status of health hygiene, nutrition, social, economic problems in that locality.

There were a total 191 volunteers who took part in the program. This camp also motivated students to work more. This was a great initiative taken by SHSS to get rural exposure for the students and to bear social responsibility towards open communities

Students at the village.
