REPORT

3. International Yoga Day at Dankaur Village

The International Day of Yoga has been celebrated annually on 21 June since 2015, following its inception in the United Nations General Assembly in 2014. Yoga is a physical, mental and spiritual practice which originated in India. The Indian Prime Minister, Narendra Modi, in his UN address suggested the date of 21 June, as it is the longest day of the year in the Northern Hemisphere and shares a special significance in many parts of the world. On 21st June 2019, NSS Unit of Galgotias University organized International Yoga Day at the campus. The program was organized by the National Service Scheme (NSS) Unit of Galgotias University, Greater Noida. The education about Yoga was then dispensed among the village people of Dankaur Village. There were a total of 567 Volunteers along with students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in the event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

REPORT

4. World Music Day at Dankaur Village.

On 24th June 2019, School of Business, Galgotias university organized a music competition to celebrate World Music Day .The students went to Dankaur Village and enjoyed folk songs with the local villagers. All the women in the village gathered to sing songs and make sounds from utensils to add flavour to the event. World Music Day or Fête de la Musique is an annual celebration that takes place on June 21 to honour amateur and professional musicians alike. Over 120 countries celebrate World Music Day by organizing free public concerts in parks, streets, stations, museums and other such public places. On this day musicians are encouraged to play in public. World Music Day was founded by France's Minister of Culture, Jack Lang and also Maurice Fleuret, a French composer, music journalist, radio producer, arts administrator, and festival organiser, on the day of the summer solstice in Paris in 1982. The primary aim of celebrating World Music Day is to provide free music to everyone, and also to encourage amateur musicians to showcase their work to the world. Music is beneficial to us, as studies and experts have found that it helps lower stress, helps people sleep better, music therapy is known to do wonders on people with mental health issues, helps one workout and exercise better and with the right kind of music people can even concentrate and focus better. There were a total of 278 Volunteers along with students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

REPORT

5. Awareness Programme on Child Abuse and Sexual Assault at Dankaur Village.

On 26th June 2019, A Poster Presentation was organized by SLE on 26 June 2019 to create awareness on child labour. Skit was also presented by the students of SLE in Dankaur village on the same topic. Child sexual abuse is a form of child abuse that includes sexual activity with a minor. A child cannot consent to any form of sexual activity, period. When a perpetrator engages with a child this way, they are committing a crime that can have lasting effects on the victim for years. Child sexual abuse does not need to include physical contact between a perpetrator and a child. They involved all the public on the roadside and the people enjoyed the educational skit with great enthusiasm. People asked various questions, especially females who were observing that skit. Students had a great interaction and learned from the complete activity. There were a total of 140 Volunteers along with students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in this event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Report
7. Gender Issues at Dadupur Village.

On 3rd August 2019, The NSS unit, Galgotias University organized a campaign in Dadupur Village with students to raise awareness about gender issues and bring the complete society together for this. The students were distributed in different areas of the village to gather women and educate about the gender issues and how they can overcome it.

It is very important for a woman to identify the changes in the society and then upgrade herself to live her life independently. Women forever have been treated as a weaker section of society. And to overcome this each woman should be independent in her life to continue to make other women liberal about it. There were a total of 299 Volunteers along with students of Galgotias University who took part in the programme and participated. All the students, faculty members and guests participated in the event with great enthusiasm. They all made the day with a lot of eagerness and activeness.

Project "Garud" an emergency oriented management and disaster preparedness software for humanitarian assistance. The ultimate agenda of this Project Garud is to make high quality information management systems for emergency preparedness response recovery and resilience building accessible to all in case of natural disaster like earthquake.

Lack of awareness regarding disaster management leads to occurrence of huge loss of life and property. with the help of this project "Garud" people can be guided and informed about the upcoming disaster and they can see proper assistance and rescue operations. At this time natural disasters have become the so-called "regular disturbances" that cause destruction and it is our group effort that we are reflecting in the team project entitled "PROJECT GARUD" for the sake of human safety and timely reporting of the disaster event otherwise the results can be catastrophic.

Humanitarian assistance, timely reporting of the disaster, nearest safe place identification, precautionary measure guidance etc are some of the key characteristics and functionalities that software will provide.

REPORT

60. International Youth Day Symposium at India Expo Centre, Greater Noida.

International Youth Day Symposium, 2019. "Sustainable Development through Alternate Education" Africa Asia Youth Foundation (AAYFO) recently organised an International Youth Day Symposium at **India Expo Centre**, in partnership with Exelient Africa and Galgotias University to celebrate "The Spirit of Youth on August 14th, 2019. In attendance were High Level Diplomats, 150+ youth delegates, youth activists and potential stakeholders from Afghanistan, Nepal, Vietnam, Nigeria, Rwanda and Ghana. To foster and strengthen relationships between all stakeholders present, the event commenced with the National Anthem. Further, to evoke a thought provoking discussion, Mr. Ezeugo Nnamdi, Secretary General of AAYFO in his opening remarks, pondered upon how today's youth across the world have the courage to make a difference and emphasized upon what AAYFO has been doing to engage such change makers.

Mr. Nnamdi had set the tone for the first panel discussion on "Role of Youth as Change Agents". To do justice with the panel discussion, AAYFO ensured that on the dais were youth activists whose expertise and specialisation in their respective field of work has been applauded many a times and has indeed inspired many. Mr. Himadrish Suwan, the Chairman of Confederation of Young Leaders addressed the audience first and touched upon the demographics of Africa & Asia as two very young continents, he suggested that if taken advantage of the situation, youth leaders can effectively and efficiently solve global issues of unemployment and radicalization. Mr. Suwan mentioned that his organisation has been creating leaders across India who have been tackling problems in Indian context. Mr. Ranjan Tomar, the President of NOVRA added on the immediate need to restructure our education system. Not only this, he emphasized on the need to reconnect the youth with India's social ethos and value systems that ultimately will lead to collective development. Mr. Tomar quoted Benjamin Disraeli "Almost everything great has been done by youth". Mr. Chidozie Agumadu, General Secretary of AASI mentioned that the youth are the conscience of a country. Mr Agumadu quoted that the youth are the next generation voice of leaders a country needs and emphasized on how youth can challenge age-old traditions and bring innovative solutions accordingly. The moderator, Ms. Thandolwenkosi Sibanda, AAYFO's Campus Ambassador shared her

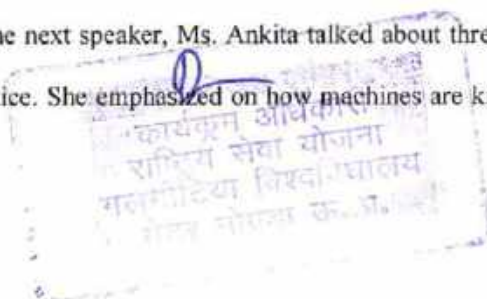

opinion on how youth can act as change makers and touched upon the current scenario in both Africa & Asia and associated expectations from the youth in the years to come.

After the first panel, a group of monks were invited on the stage to "Chant for Peace". The objective of the chanting was to make the audience understand how the capacity building process can be strengthened using peace.

After the chant, Mr. Shikhant Sablania, was invited on the stage to share his experiences of "The Great African Caravan". A traveller and an artist at heart addressed the audience on how passion can take you places. An engineer turned artist, who believes in the Ubuntu philosophy from Africa of "I exist because you exist" shared his personal experiences of how a team of 12 artists from 7 different countries came together to collaborate with the local artists and create art- be it in whatever form possible. He also touched upon that when we are young, our compassionate selves work for others, however, at a later stage in life, we try to focus on our own selves which becomes impossible to deal with, hence it should be the other way around.

After an engrossing interaction with Mr. Shikhant, next was a Panel Discussion on "Education for a Sustainable Future". On the dais were H.E. Dr. Christopher Nwanoro, Minister Counsellor at the Nigeria High Commission, New Delhi Mr. Subrahmanyam Pulipaka, CEO of NSEFI Ms. Ankita Nawalakha, Founder of the New Education Project and Mr. Angad Anand, Country Director for AAYFO, India chaired the panel discussion.

Since the topic in itself was quite interesting and required no question to start with, H.E. Dr. Christopher Nwanoro without further ado, focused on how education can help build a bridge and fill the vacuum between Africa & Asia. Dr. Christopher who is also the Founder of the Lotus Initiative for the Blind, emphasized upon the need to inculcate and look forward to environment friendly methods to help secure a sustainable future. Mr. Pulipaka, took charge and disclosed key facts about the lack of skill sets in both the continents. He mentioned how education should focus on sector wise transformation and specifically mentioned about the dire need to reform industries because industries are expanding, but employment opportunities are not being equally generated. The next speaker, Ms. Ankita talked about three buckets of SDG's , economics, environment and social justice. She emphasized on how machines are killing creativity , critical thinking

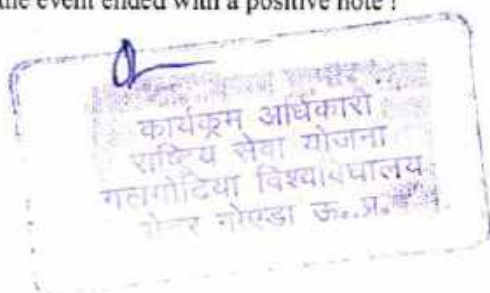

and the ability to network. She heard her calling at the grassroots when she was 18 and joined Teach for India and has been creating an impact ever since, empowering people from low income communities. One of her students had been victimized due to non availability of street lights in the Tughlakabad area, her students who were all 12 years old, then collected primary data and protested outside the MLA's office who was deeply moved on the concern and installed streetlights in the vicinity. Mr. Angad, the moderator concluded the panel by pondering upon the need to look back at our ages old pedagogical practices, and then to assimilate, introspect and reflect accordingly. Not only this, he asked the audience present a serious question on "Zebra Crossing" and out of an audience of 150, only 3 hands were raised when asked about if the audience present stopped their vehicles before the zebra crossing. He then shared a personal story wherein when he was associated with Teach for India, while reading a poem, he asked her girls the meaning of the word "FORTUNE" and to everyone's surprise, the audience laughed because her girls responded that fortune is an Indian brand that manufactures edible cooking oil. His story and his question emphasized as to how Individual and Collective Social Responsibility can act as major change catalysts and how multiplier effect can help building blocks of the nation pass with flying colours.

Last but not the least, AAYFO's Environment Goodwill Ambassadors, the team from Nav Urja Yuva Sanstha who was led by Mr. Pushkar Sharma and AAYFO's Campus Ambassador, Mr. Babel Garrick were felicitated. Mr. Pushkar from Nav Urja Yuva Sanstha shared his organization's vision and mission too.

The symposium concluded with a formal Vote of Thanks by Mr. Angad Anand who in turn promised that AAYFO as an independent organisation will take the spirit forward and will work upon channelizing certain things in a direction that will in turn strengthen Africa-Asia relations. A special mention was provided to Galgotias University, Exelient Africa, Media Partners: India Africa Today & Extraordinary & Plenipotentiary Diplomatist, all the speakers and the youth delegates present at the symposium.

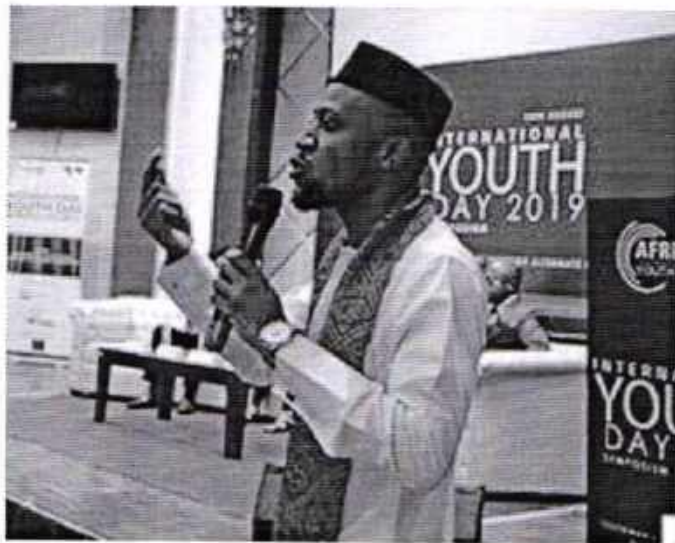

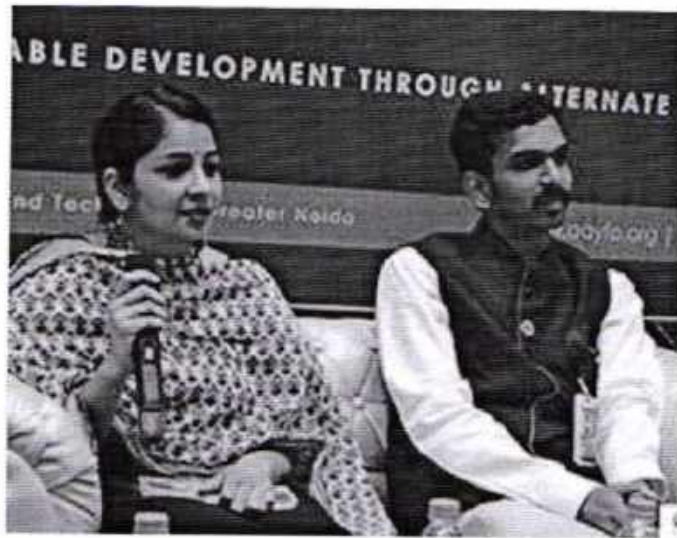

All in all, the event ended with a positive note !

66. Educational Camp For University Engineering Students.

Galgotias University conducted an educational camp at Noida based I.T Company "Smart Brains" for 115 students of 5th semester Engineering students on 21 September 2019. The company has received its recognition, endorsement and affiliation from National Skill Development Corporation of India (NSDC), to provide skill based training for engineering/non-engineering students as per their interest. An introductory programme has been held at the beginning where the students were introduced about the main work of the company including various projects on which they are working. Also they have shown various websites that have been developed by them. In the next session, the live projects have been shown to the students. Various live projects on the internet of things, robotics, big data, and artificial intelligence have been shown to the students.

Detailed knowledge and skills in the Internet of Things (IoT) discipline has also been given to students to facilitate faster learning curves while on the job. The students learn the fundamentals of Robotics. Those who are interested in robotics would get a chance with this course to know the basics without any prior knowledge. Students also visited their research lab where they are carrying out their research related activities.

A bakery factory has also been shown to the students where they have viewed live making of bread, pizzas, and cakes. A printing press has also been there where the live printing of newspapers has been shown to the students

REPORTS

69. Workshop on 'Best Out of Waste' at Dankaur Village.

The School of Education, Galgotias University, as part of Drama and Art in Education practicum course organized a workshop for B.Ed. third semester 63 students on the Best out of Waste on 13th September, 2019 in the Dankaur Village. The villagers were educated on the recycling process and saving environment. The workshop was organized to develop the concept and need of recycling that is making use of waste material to create something new, creative and useful. B.Ed. students showcase their talent and creativity by creating beautiful artifacts from waste materials. It was a group task consisting of two students. Waste materials like newspapers, old glass bangles, CDs, sweet box, cotton, mirrors, sequences, cartons, candy sticks, plastic water bottles, etc. were used to make creative artifacts that have practical utility. Vases carrying bags, decorative pieces like flowers, photo frames, scenery, table organizer, pen holders, wall hangings etc. were prepared using discarded materials. In the workshop students learnt that waste material can be used to create useful and beautiful things by recycling. Students were sensitized how making things out of waste can contribute to reducing consumption of materials, energy, and save money. This very concept of conservation and recycling waste materials can open many vistas to make and save money, conserve and protect the environment.

B.Ed. students of School of Education, Galgotias University took this tiny but sincere step towards environment conservation by recycling waste materials. This workshop was conducted by Dr. Ishrat Naaz, Assistant Professor, School of Education, Galgotias University.

87. Skit On Female Foeticide, P.H.C Dankaur.

The 39 students of School of Nursing Galgotias University did a skit on Female Foeticide on 06/01/2020 in Dankaur Village, Greater Noida. The girls have not vanished overnight in India. Decades of sex determination tests and female foeticide that has acquired genocide proportions are finally catching up with states in India. With the census figures in 1991, there is decline in child sex ratio very evidently by comparing, the figure was 947 girls to 1000 boys but ten years later it had fallen to 927 girls for 1000 boys. Despite these horrific numbers, foetal sex determination and sex ive abortion by unethical medical professionals are being followed. These practices are happening because India has a long history of strong patriarchal influence in all spheres of life. So there is a need to change the negative attitude of family and community through public awareness.

88. Rally On Substance Abuse, Dankaur Village.

According to World Health Organization, Psychoactive substance use can lead to dependence syndrome - a cluster of behavioural, cognitive, and physiological phenomena that develop after repeated substance use and that typically include a strong desire to take the drug, difficulties in controlling its use, persisting in its use despite harmful consequences, a higher priority given to drug use than to other activities and obligations, increased tolerance, and sometimes a physical withdrawal state. Therefore far too many people, their families and communities suffer the consequences of the harmful use of alcohol through violence, injuries, mental health problems and diseases like cancer and stroke. It's time to step up action to prevent this serious threat to the development of healthy societies and there is a need to create awareness among communities through its urban or rural to take initiative from grass root levels. In the same favor a Rally on substance abuse was organised by 64 B.Sc Nursing 2nd year students in Dankaur Village on 24/12/2019.
