5. BRIEF DETAILS ABOUT GALGOTIAS UNIVERSITY, UTTAR PRADESH

Galgotias University, Uttar Pradesh, sponsored by Smt. Shakuntala Educational and Welfare Society, has been established by state of Uttar Pradesh under section 2(f) of the UGC Act, 1956 vide The Galgotias University Uttar Pradesh Act, 14 of 2011. The University commenced its operation from the academic session 2011-12.

The word 'university' originated from the Latin word 'universus', which means whole or entire. A university is a place where a student is bestowed with complete knowledge of the subject he or she is pursuing. But education, like everything else in the world, has evolved over centuries. Today, it is no longer about just garnering theoretical knowledge, it is also about practical application of that knowledge in the real world. That is the approach taken by Galgotias University where intense theoretical sessions are blended with practical applications.

Galgotias University has a rich legacy of eight decades of leadership in education. The University has the vision to be known globally for education, research and innovation at the intersection of the disciplines. The university provides an excellent holistic learning environment based on professionalism and helps students to emerge as complete human beings with greater intellectual, emotional and spiritual quotient. The thinking quotient, the students acquire, enable them to learn for life.

Galgotias University through its Schools of studies offers a wide range of high-quality Undergraduate, Post-graduate and PhD Programmes in the emerging areas of Engineering & Technology, Management, Finance & Commerce, Basic and Applied Sciences, Humanities & Social Sciences, Pharmacy, Architecture, Education, Hospitality, Media & Communication, Law, Physiotherapy, Nursing, etc.

As on date more than 10000 students are on rolls of the University in its various Undergraduate/Post-graduate, Doctoral Programmes and Diploma Programmes.

Moving forward to next level education, it has created a high-quality learning environment that has an inspired, cutting-edge faculty as its core. Academicians drawn from the world's finest universities, imbues the learning culture with great intellectual character and depth. Faculty drawn from IITs, Carnegie Mellon University, Purdue University and other fine academic institutions, have evolved a multi-cultural spirit and multi-dimensional pedagogy; and have guided and inspired all the university infrastructure. The new age classrooms, laboratories and activity centres are all designed by Montreal based Arcop International which is at par with the best in the world.

Galgotias University follows the Choice Based Credit System (CBCS) which enables the students to pursue both their career based academic choices such as Engineering and Management along with courses of their choice which emerge from their passion. Each program has a basket of courses classified under university core, University Elective, Program core and Program elective. Ample options are provided, so that students can choose inter-disciplinary courses from other schools, which help them to develop additional skills.

All programs are designed, based on the requirements of contemporary and future industry. Galgotias University has a Fully Flexible Credit System that allows students to design their own curriculum by choosing their own course combinations. This multi-disciplinary learning

system allows engineering students to experience liberal arts curriculum so that they become well-rounded and adept at solving real world problems. Galgotias University thus is creating a new generation of leaders who are equipped with deep technical domain knowledge and the breadth of exposure and character, to effectively collaborate and lead.

At Galgotias University, programs are known for the emphasis on critical thinking. The intensity that the discussions generate carries the momentum over to canteens, hostels and the other areas of the campus. It is great to see the youth today open up, give up inhibitions, and stand up for what they believe in. It is encouraging to see their level of understanding of issues. It is this understanding that Galgotias University harnesses and hones.

The university ensures that students absorb new information set during every single interaction. Relevant project-based teaching, in sync with modern industry requirements, encourages students to be attentive, innovative and responsive. Case-study based classroom pedagogy shapes a thinking, problem-solving approach that puts theory into immediate practice, for the benefit of industry and society.

The University has developed strategic international partnerships with reputed Universities and Institutions of higher learning across the Globe, including, Goethe University, Purdue University, Northern Illinois University, Institute of Accountancy, Arush, Tanzania, to name a few.

The University has specially set up the School of Life Long Learning, which grooms students in multi-dimensional areas (soft skills, communication skills, aptitude building, campus-to-corporate, universal human values & ethics etc.) enabling them to effortlessly face the challenges of the corporate world and to become a better human being, once they pass out from the campus.

Galgotias University understands that in today's age of startups it's imperative to give future business leaders a springboard to launch their business. In this regard, Galgotias Centre for Technology Innovation & Incubation (GCTII) has been established in association with MSME Ministry, Govt. of India to foster an environment to transform innovative skills & business ideas and produce a pool of proficient startups as part of Galgotias corporate social responsibility.

In the case of cutting-edge fields like biotechnology, robotics, aerospace, engineering, marine engineering, embedded system technology, microwaves and space engineering, students are mentored to become innovators and solution providers. We are building super-competent engineering manpower for employment in government organizations such as DRDO, ISRO, NTPC, BHEL and in private sector enterprises operating in the healthcare, pharma, research, genetic engineering and health related technology industries.

Galgotias University has already won numerous awards for academics & placement within a short span of its existence. Very recently, ASSOCHAM awarded Galgotias University for being the best private University for Placement & Academics. Galgotias also received India Excellence Award 2017 and was also awarded at the ABP News Brand and Leadership Summit.

4. LIBRARY FACILITIES

The University library, with the sole objective of the actual delivery of information rather than the documents and thereby creating an environment conducive to the optimum use of library material and an appropriate schedule of hours of service and professional assistance, has been fully computerized during the period thus enhancing the use of library's resources and services. It has helped the library to perform and contribute to the fulfillment of the University's mission by selecting, acquiring, organizing, maintaining and making accessible a collection of printed and non-printed, primary and secondary material that will support the educational, research and public service programmes of all students, researchers and the faculty members.

In order to give it an ultra-modern look and to keep pace with the bulk of published literature and the recent technology, the University Library has established an Electronic (digital) Library to meet academic and research demands of its clientele. It facilitates access to the E-books, E-journals and other literature available worldwide.

The University Library plans to develop its own Institutional Repository and also to have an access to other Institutional Repositories. This endeavour will place Galgotias University on the global map of academic institutions and also to let our students and researchers utilize the best research output available globally.

EXAMINATION AND AWARD OF DEGREE/DIPLOMA

EXAMINATION SYSTEM

University has adopted Fully Flexible Credit System (FFCS). Through this, the student can register for courses according to their interest and academic ability. FFCS system allows students in deciding their academic plan and permits them to alter it as they progress.

Each programme has basket of courses classified as University Core, University Elective, Programme Core and Programme Elective. At the end of the programme, each student will be expected to have well defined credit distribution in various domains. Ample options will be given to students to choose inter-disciplinary courses, which help them to develop additional skills.

Assessment and Evaluation

The performance of a student in a theory / lab course is assessed through a series of continuous assessment test (CAT), weekly quizzes, assignments etc. followed by Semester End Exams (SEE) Theory & Practical. The total marks obtained are out of 100 and the same are converted into grades in 10-point scale. The SEE has 50% weightage.

The student at the end of the semester will be assigned a Letter Grade based on his / her performance over the semester in all the assessment carried out in that course. The letter grade and its grade point indicate the results of both qualitative and quantitative assessment of the students' performance in a course. A combination of Absolute and Relative Grading System is adopted in converting marks to grade.

Grading System

In a class of students up to 30, the absolute grading is used. In a class more than 30 students, Relative grading is applied to all theory courses. For courses having no theory / tutorials but only lab / practical, or for courses like Seminar / Mini-project, absolute grading method is adopted. Relative grading is adopted in lab / practical embedded for the courses.

The marks obtained by a student of a class of more than 30 students in a Course Unit are transformed into a normal distribution curve by using Statistical Method in accordance with a prescribed table to ensure the uniformity in spread of scores regardless of the nature of curricular areas.

The mean (\bar{x}) and the standard deviation (σ) of marks obtained of all the students in a course are calculated and the grades are awarded to a student depending upon the marks and the mean and the standard deviation as per prescribed standards.

Semester / Annual Grade Point Average (SGPA / AGPA):

The semester / annual performance of the student is indicated as SGPA / AGPA at the end of every semester / year. SGPA / AGPA is the weighted average of Grade Points of all letter grades secured by a student for all the course units in the semester / year. The formula for computing SGPA / AGPA is as under:

$$\text{SGPA / AGPA} = \frac{\sum C_i P_i}{\sum C_i}$$

where
 C_i = Course Credit of the course of a semester/ Year
 P_i = grade Point earned by student
 $i = 1,2,3, \dots n$, represents the number of courses passed in the semester/year.

Cumulative Grade Point Average (CGPA)

The CGPA is used to describe overall performance in all courses in letter grades which a student has obtained. It is weighted average of grade points obtained by him/her in all semester / years.

$$\text{CGPA} = \frac{\sum C_i P_i}{\sum C_i}$$

where
 C_i = Course Credit of the course of a semester/ Year
 P_i = grade Point earned by student
 $i = 1,2,3, \dots m$, represents the number of courses passed till that semester.

Minimum Academic Requirements:

- (1) The student must score a minimum Grade 'E' in each course unit.
- (2) The minimum passing SGPA/AGPA for each semester / year is 5.0 for all Programmes.

Number of Workshop on Research Methodology, IPR

Name of the workshop/ seminar	Number of Participants	Date From - To
Tools and techniques of digital marketing	78	21-09-2017 to 21-09-2017
National Workshop on Emerging Issues in IPR	35	09-12-2017 to 09-12-2017
Workshop on QuarkXpress	28	14-08-2017 to 14-08-2017
HANDS ON TRAINING (Undertaking Of Skill Development Program From Government Of India) On "ARDIUNO & EMBEDDED SYSTEM" In Association With BIT N BYTE LABORATORIES PVT.LTD	8	05-11-2017 to 06-11-2017
Workshop on "C Programming Language" In Association With BIT N BYTE LABORATORIES PVT.LTD	4	23-01-2018 to 24-01-2018
Workshop on "Robotics" In Associatio n With BIT N BYTE LABORATO RIES	3	29-01-2018 to 30-01-2018
"Workshop on Conventional Power Generation & Management In association with National Power Training Institute (Ministry of Power, Government of India), Badarpur,New Delhi"	4	29-10-2017 to 31-10-2017
Research Methodology	25	12-08-2017 to 24-03-2018
Advanced C++ Programming Training	227	18-09-2017 to 19-09-2017
Emerging Challenges of Cyber Crimes in India	50	09-10-2017 to 10-10-2017
Data Science and Machine Learning with R	230	22-01-2018 to 23-01-2018

Name of the workshop/ seminar	Number of Participants	Date From – To
Appraising a Decade of Research in the Field of Big Data	65	08-02-2018 to 08-02-2018
User Interface Technologies	5	05-03-2018 to 09-03-2018
Nature Inspired Algorithms for Solving Complex Engg. Problems	60	23-04-2018 to 27-04-2018
Logic Building in Java Programming	218	28-05-2018 to 30-08-2018
Arts and Crafts workshop	31	07-11-2017 to 07-11-2017
3rd Annual 3 day National Workshop on 'Finance and Accounting Solutions through Tally ERP 9.0'	120	01-08-2017 to 03-08-2017
4th Annual National Workshop on Finance and accounting solutions through ERP 9.0	138	04-01-2018 to 06-01-2018
Seminar on Use of Architectural Hardware in Residential and Commercial Furniture	71	19-01-2018 to 19-01-2018
Workshop on SciLab	18	29-08-2017 to 04-09-2017
2nd National Conference on Emerging Trends in Applied Sciences, NCETAS 2017"	100	17-08-2017 to 18-08-2017
3rd National conference on Forensic Science and criminalistics, FORENSIS AGORA 2018	300	21-04-2018 to 22-04-2018
CHEMSYS 2018	60	15-04-2018 to 15-04-2018
