The GU Management Team is a student body that oversees all events and is made up of members from several University student clubs. The Management Team concept strives to empower student leaders to make a difference by expanding possibilities for their peers while also allowing them to

grow as individuals. While a member of the College staff assists the group of passionate student leaders, it is the GMT members who are fully responsible for event management, volunteer provision, and ushering wherever needed at the university's event. Ensure that the provision is truly student-centered by bringing in the most registrations, recruiting students to volunteer, organizing matches, managing crowd, and officiating fixtures. The GU Management Team is an important aspect of the student government.
