

Department of Media and Communication Studies

1. Details of Theatre

Galgotias University is striving to overall personality development ranging from professional ethics, team spirit, leadership, ethical consideration and communication skills.

This goal is envisioned and grounded by Outcome Based Education.

To achieve the goal, the University has created several big halls in each building with a big auditorium cum theatre. The Theater was built and fully functional from 2011 in C-block (ground floor). The Department of Media and Communication Studies looks after its maintenance and encourage student for participation. The seating capacity of theatre is 160.

The theatre in C-Block features comfortable chairs, raised stage, adjustable lighting, sound system, large screen for video and computer presentations, and vaulted ceiling. The seating arrangement has been designed in such a way where audience can see whole stage without any issue, irrespective of their seating place.

The theatre is fully air-conditioned with emergency power back-up. There is space provided as green room behind the stage for changing and keeping the props and artist can sit during the performance in back stage.
