

Policy on Local Stakeholders

Objective

The NCC wing of Galgotias University actively engages in diverse social, health, and economic initiatives within local communities, fostering awareness and education on critical issues. Through their dynamic participation, they serve as catalysts for positive change.

In the realm of social endeavors, the NCC wing tirelessly promotes community welfare. From organizing awareness campaigns on social issues to actively participating in community service projects, they strive to create a lasting impact. Health initiatives form a significant part of their activities, with the NCC members conducting health camps, workshops, and awareness programs to address prevalent health concerns in the local population.

Economic empowerment is another key focus area. The NCC wing collaborates with local communities to educate them about financial literacy, entrepreneurship, and sustainable economic practices. By imparting valuable knowledge, they contribute to the economic upliftment of these areas.

In essence, the NCC wing of Galgotias University serves as a beacon of positive change, channeling their energy and skills into initiatives that enhance the social fabric, improve health outcomes, and empower local economies. Through their dedicated efforts, they embody the university's commitment to holistic community development.

Scope

The NCC wing at Galgotias University plays a pivotal role in community development by engaging in social, health, and economic activities. Through awareness campaigns, health initiatives, and economic empowerment programs, they contribute significantly to fostering positive change and holistic well-being in the local areas they serve.

Policy

The NCC wing at Galgotias University is committed to actively participating in social, health, and economic activities within local communities. Our policy is to organize and support initiatives that raise awareness and educate on critical issues. We prioritize community welfare through service projects and health camps, aiming to enhance overall well-being. Additionally, we dedicate efforts to economic empowerment by promoting financial literacy and entrepreneurship. Through these endeavors, we pledge to contribute to positive societal transformation, aligning with the university's commitment to holistic community development and fostering a culture of social responsibility among our NCC members.

Responsibilities of Students

As members of the NCC wing at Galgotias University, students have the responsibility to actively engage in social, health, and economic initiatives within local communities. Their duties include organizing and participating in awareness campaigns, service projects, and health camps to contribute to community welfare. Students are tasked with promoting financial literacy, entrepreneurship, and sustainable economic practices to empower local economies. Through their dedicated involvement, students play a vital role in fostering positive change, embodying the university's commitment to holistic community development, and upholding the values of social responsibility within the NCC wing.

Responsibilities of Faculty

Teachers as the coordinator of the NCC wing at Galgotias University bear the duty of guiding and inspiring students in their active participation in social, health, and economic initiatives within local communities. Their responsibilities include providing mentorship, facilitating awareness campaigns, and coordinating with students to organize service projects and health camps. Teachers play a crucial role in imparting knowledge on financial literacy, entrepreneurship, and sustainable economic practices, fostering a culture of holistic community development. Through their guidance, they contribute to the university's commitment to social responsibility, ensuring that the NCC wing serves as a force for positive change and community empowerment.

Participation areas of NCC in local stakeholders

- 1. Community Welfare Initiatives:** The NCC wing at Galgotias University actively engages in organizing and participating in various community welfare initiatives. This involves contributing time and effort to projects aimed at improving the overall well-being of local communities.
- 2. Health Promotion Campaigns:** Under the banner of health promotion, the NCC members conduct awareness campaigns, health workshops, and health camps. These initiatives focus on addressing prevalent health issues, disseminating crucial information, and providing necessary resources for better health outcomes.
- 3. Economic Empowerment Programs:** The NCC wing plays a pivotal role in economic empowerment by promoting financial literacy, entrepreneurship, and sustainable economic practices within local areas. This includes organizing workshops, training sessions, and awareness programs to uplift the economic status of the community.
- 4. Social Awareness Campaigns:** Part of the NCC's responsibility is to spearhead social awareness campaigns. This involves raising awareness about social issues, organizing events, and collaborating with local communities to foster a sense of social responsibility and inclusivity.
- 5. Service Projects for Sustainable Impact:** The NCC emphasizes sustainable impact through service projects that address the specific needs of the community. This includes projects related to education, sanitation, and infrastructure development, ensuring a long-lasting positive influence on the local areas.
