Description (min 250 to max 800 words)*	The School of Computer Applications and Technology, Galgotias University successfully organized a Workshop on Power BI on 27th August 2025 for BCA 2nd Year students (Passing Out Year 2026). The workshop was conducted with the objective of enhancing students' understanding of business intelligence, data analytics, and visualization tools, which are essential skills in today's data-driven industry. The session began with an introductory address by the faculty coordinators, who emphasized the growing importance of data analytics in modern organizations and the role of Power BI in transforming raw data into meaningful insights. Students were introduced to the fundamentals of Microsoft Power BI, including data sources, data importing techniques, data transformation, and basic data modeling concepts. During the workshop, practical demonstrations were provided to explain how interactive dashboards and reports can be created using Power BI. The session highlighted real-world applications of Power BI in domains such as business analytics, finance, marketing, and operations. The workshop also focused on how Power BI skills can

	enhance students' employability and support career opportunities in data analytics and business intelligence. The session was interactive, with active participation from students who raised queries related to career scope, internships, and industry expectations. The workshop motivated students to explore advanced tools and certifications in data analytics. This initiative aligns with NAAC quality indicators and contributes to Sustainable Development Goal (SDG) 8 – Decent Work and Economic Growth by promoting industry-relevant skills and improving students' career readiness.
Details of Keynote speaker/ Special Guest (<i>Name, Institute/ Company name, Designation, contact no.</i>)	Faculty Coordinators (Internal Resource Persons): Dr. Pratima Singh Mr. Rajesh Sharma Dr. Soni Chaurasia
Student Coordinators
