Green Steps, Greener Tomorrow: SFC's Green Drive 2026

The School of Finance and Commerce, Galgotias University, organized “World Environment Day – Green Drive 2026” on 5 June 2026 under the “Ek Ped Maa Ke Naam (EPMKN)” initiative. Faculty members and students participated enthusiastically in sapling plantation and pledged to nurture the plants, promoting environmental responsibility and climate awareness. Participants also visited Honda Biodiversity Park, Greater Noida, where they explored native flora and learned about biodiversity conservation, ecosystem management, and sustainable practices. The programme fostered teamwork, leadership, and community engagement while strengthening environmental stewardship.

Protecting Ideas, Powering Innovation: SFC's IPR Expert Lecture

The School of Finance & Commerce, Galgotias University, organized an Expert Lecture on “Intellectual Property Rights (IPR)” on 9 June 2026 in collaboration with NIT Silchar. Dr. Saurabh Verma, NIT Silchar, delivered an insightful session on patents, copyrights, trademarks, and intellectual property protection. He highlighted the importance of IPR in safeguarding research outcomes, encouraging innovation, and enhancing academic and institutional growth. The lecture provided faculty members with practical insights into intellectual asset management, patent filing, and innovation strategies. Active participation and interaction enriched the session, strengthening awareness and promoting a robust research and innovation culture within the University.

Shaping Tomorrow's Supply Chains: Insights into Inventory Innovation

The School of Finance & Commerce, Galgotias University, organized a guest lecture on “The Future of Inventory and Supply Chain Management” on 1 June 2026. The session provided students with insights into emerging technologies transforming modern supply chains, including Artificial Intelligence, IoT, Blockchain, Automation, and Data Analytics. The lecture highlighted inventory optimization, supply chain visibility, operational efficiency, sustainability, and resilience amid global uncertainties. Students also explored industry challenges, changing consumer expectations, and emerging career opportunities in logistics and supply chain management. Through practical examples and industry perspectives, the session enhanced students’ understanding of technology-driven supply chains and future-ready professional skills.

Farewell 2026: Celebrating Memories, Achievements & New Beginnings

On 13 June 2026, the School of Agriculture, Galgotias University, organized “The Farewell 2026” to celebrate and honor the graduating students. The memorable event began with a warm welcome address, followed by vibrant cultural performances, interactive games, inspiring speeches, and heartfelt student reflections. Graduating students expressed gratitude towards their teachers, friends, and institution while recalling cherished moments from their academic journey. Various awards and titles were presented to recognize students’ unique personalities and contributions. The programme created an atmosphere of joy, nostalgia, and celebration, strengthening bonds among students and faculty while inspiring graduates to confidently embrace future opportunities and challenges.

Driving the Future: L&T Advanced EV Centre of Excellence

The L&T Advanced EV Centre of Excellence at Galgotias University is a pioneering facility focused on preparing students for the rapidly evolving electric mobility sector. The centre offers hands-on learning and industry-aligned training in next-generation EV technologies, covering two-wheelers and four-wheelers. Students gain practical exposure to EV architecture, powertrains, battery technologies, diagnostics, embedded systems, Battery Management Systems, and mobility software. The centre also supports faculty development, certification programmes, workshops, and applied research. By connecting academic learning with industry requirements, it strengthens employability, innovation, and technical skills while creating a future-ready ecosystem for skilled professionals in electric vehicle technology and sustainable mobility.

Galgotias University is committed towards the 17 Sustainable Development Goals of the United Nations
