**Climate Change Litigation: Legal Strategies and Trends**

**Saturday, 11th January, 2025**

**11:00 AM**

**Venue**

**C-Block Old Auditorium  
Galgotias University**

## **About Galgotias University**

Galgotias University prides itself on its record-breaking placements, which are a testament to its focus on maintaining the highest academic standards. The university is committed to providing its students with the best possible education and opportunities for personal and professional growth.

### **About School of Law**

Galgotias University, School of Law (SOL, GU) exemplifies how a strong foundation, cutting-edge infrastructure, and an exceptional curriculum can create a leading educational institution. Despite being established only a decade ago, SOL, GU has made remarkable progress in shaping the legal education landscape in India. By offering skill-based, industry-focused programs, the School of Law has built a reputation for excellence. Its commitment to preparing litigation specialists, corporate lawyers, mediation and arbitration professionals, legal drafters and comparative law experts for the growing LPO sector has positioned SOL, GU as one of the premier law schools in the country.

## **About Centre for Research in Environmental Law and Sustainability (CRELS), SOL**

At CRELS, we are dedicated to addressing the complex and interconnected environmental challenges that the world faces today. Through cutting-edge research, innovative solutions, and active collaboration, we strive to create a sustainable future. CRELS offers an interdisciplinary platform for scientific inquiry and community engagement, promoting environmental stewardship across sectors.

## **CRELS Vision**

“To be a globally recognized centre of excellence in environmental research, fostering innovative solutions for a sustainable and resilient future.”

## **CRELS Mission**

CRELS is established with the goal of contributing to the global sustainability movement through research and innovation. Our purpose is to integrate scientific knowledge, technology, and social perspectives to find practical solutions to pressing environmental problems such as climate change, biodiversity loss, pollution, and resource depletion. We aim to create a space for thought leadership, collaborative projects, and transformative change to ensure a healthier planet for generations to come.

## Guest Speaker

### Adv. Arjav Jain Advocate, Supreme Court of India

Mr. Jain had initiated his brief but impactful professional career from the Chambers of Mr. Pravir Kumar Jain, an Advocate on Record at Supreme Court of India, and has since been involved in corporate and individual litigation before the Hon'ble Supreme Court of India, Hon'ble Delhi High Court, Various Fora, Very recently, Mr. Jain has been part of the Advocates team in the case of *Jugal Kishore Khanna v. Sudhir Khanna (2024)*, whereby the Supreme Court has pronounced a reportable landmark judgment in favor of his client, a feat achieved by very few at such an early stage of litigation career. The case goes down to the history of family-law litigations in India as it changes the jurisprudential aspects of these types of disputes.
