## Signals to Solutions:

### Bridging Biomedical Innovation with Industry- Grade Technology

On 16 January 2026, the Department of Biotechnology & Bioengineering, School of Biosciences & Technology, in collaboration with the Institution's Innovation Council (IIC), Galgotias University, organized a workshop on “Bridging Biomedical Innovation with Industry-Grade Instrumentation” at B-106, B-Block, Galgotias University. The workshop provided experiential learning in biomedical signal acquisition and analysis, covering ECG, EMG, EEG, and spirometry using advanced ADInstruments systems. Faculty experts demonstrated live experiments and explained experimental protocols, biomedical data interpretation, and applications in healthcare research and diagnostics. The interactive session encouraged hands-on learning, technical discussions, and active student participation. The programme strengthened participants' knowledge of biomedical instrumentation, innovation, technical competence, and industry readiness in healthcare and life sciences.

## Igniting Ideas, Inspiring Entrepreneurs:

### Celebrating India's Startup Spirit

On 16 December 2025, the Department of Biotechnology & Bioengineering, School of Biosciences & Technology, Galgotias University, Greater Noida, organized an offline National Startup Day programme. The event aimed to familiarize students with India's growing startup ecosystem and encourage entrepreneurship and innovation as promising career pathways. The session highlighted the role of startups in economic growth, technological advancement, and employment generation. Students gained insights into startup formation, Startup India, idea generation, problem identification, innovation processes, and developing scalable business models. The programme fostered creativity, leadership, collaboration, and an entrepreneurial mindset, motivating students to explore innovative ventures and contribute to innovation-led national development.

## Exploring the Future of Life Sciences: Six Days of Innovation, Research & Discovery

From 30 January to 04 February 2026, the School of Biosciences and Technology, Galgotias University, organized a six-day workshop on “Recent Advances in Biosciences and Technology” to familiarize students and researchers with emerging developments in biosciences, biotechnology, bioinformatics, and industry-oriented applications. The workshop featured expert lectures, interactive sessions, and an online assessment covering diverse themes such as emerging trends in biotechnology, AI and bioinformatics, data science, vaccine development, next-generation sequencing, and industry expectations. Eminent experts from academia and industry shared valuable insights into contemporary research, healthcare innovations, career opportunities, and professional skills. The programme strengthened participants’ scientific knowledge, research orientation, technological awareness, and industry readiness.

## India’s Growth Story: Understanding the Forces Shaping a Rising Economy

On 16 January 2026, the Department of Finance and Commerce, School of Commerce, Galgotias University, organized an insightful guest lecture on “India as the Fastest Growing Economy.” The session was delivered by Dr. Nitesh Rawat, Assistant Professor, T.S. Mishra University, Lucknow, who provided students with insights into India’s economic growth, emerging trends, and future prospects. The lecture highlighted the contributions of digital transformation, startups, infrastructure, IT, manufacturing, services, government initiatives, and financial inclusion to economic development. The interactive session helped students connect theoretical concepts with real-world economic scenarios, strengthen analytical understanding, and explore emerging opportunities in finance, commerce, and economics. Overall, the programme enriched students’ knowledge of India’s evolving economic landscape and encouraged them to remain informed about national and global economic developments.

## Global Credentials, Greater Opportunities: Orienting Students for the ACCA Journey

On 06 January 2026, the Department of Finance and Commerce, School of Finance & Commerce, Galgotias University, in collaboration with the International Skill Development Corporation (ISDC), organized an ACCA Orientation Programme for first-year students enrolled in the ACCA pathway. The session was led by Ms. Falguni M. Maniar, Associate – Operations, ISDC, who introduced students to the structure, global recognition, and professional relevance of the Association of Chartered Certified Accountants (ACCA) qualification. Students received practical guidance on registration, examination entry, student login, study resources, website navigation, timelines, and compliance requirements. The interactive session addressed students' queries and provided clarity on academic planning and professional opportunities in finance and accounting. The programme strengthened students' understanding of the ACCA learning ecosystem and encouraged professional ethics and career-oriented learning.

## Code to Commerce: Unlocking Business Intelligence with Python

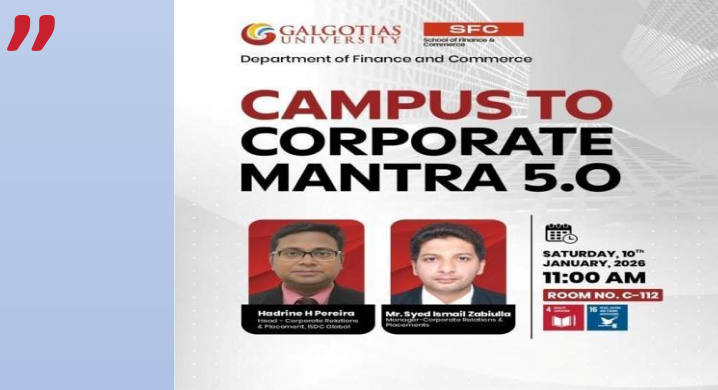

On 15 January 2026, the School of Finance and Commerce, Galgotias University, organized a workshop on “Python for Business Analytics” to enhance students' understanding of modern analytical tools and data-driven decision-making. The session was delivered by Dr. Neeraj Bali, Associate Professor and Founder & Head, Center of Excellence for Business Analytics. Participants were introduced to fundamental Python concepts, data handling, visualization, automation, forecasting, trend analysis, and business intelligence applications across finance, marketing, and operations. Through practical examples and interactive discussions, the workshop connected academic learning with industry requirements and strengthened students' analytical thinking, technological adaptability, and problem-solving skills. The programme encouraged participants to explore data analytics as a career pathway and prepared them for the evolving demands of the data-driven business environment.

## From Markets to Mastery: Exploring Commodity Derivatives and Futures Trading

On 17 January 2026, the School of Finance and Commerce, Galgotias University, organized an insightful guest lecture on “From Spot to Futures: Commodity Derivatives, Exchanges and Trading Concepts” to bridge the gap between theoretical learning and practical market knowledge. Dr. Ram Prakash Pandey, Assistant Professor, Shri Ram College of Commerce, University of Delhi, served as the resource person and shared his expertise in finance and derivatives markets. The session covered spot and futures markets, commodity derivatives, price-risk management, price discovery, commodity exchanges, contract structures, margins, and settlement mechanisms. Students also explored the roles of hedgers and speculators, trading strategies, and the regulatory framework governing commodity markets in India. Real-world examples and interactive discussions helped participants understand market dynamics, practical challenges, and career opportunities in commodity markets. The lecture strengthened students’ financial literacy and enhanced their understanding of contemporary financial instruments and trading practices.

## From Campus to Corporate: Building Skills for a Successful Career

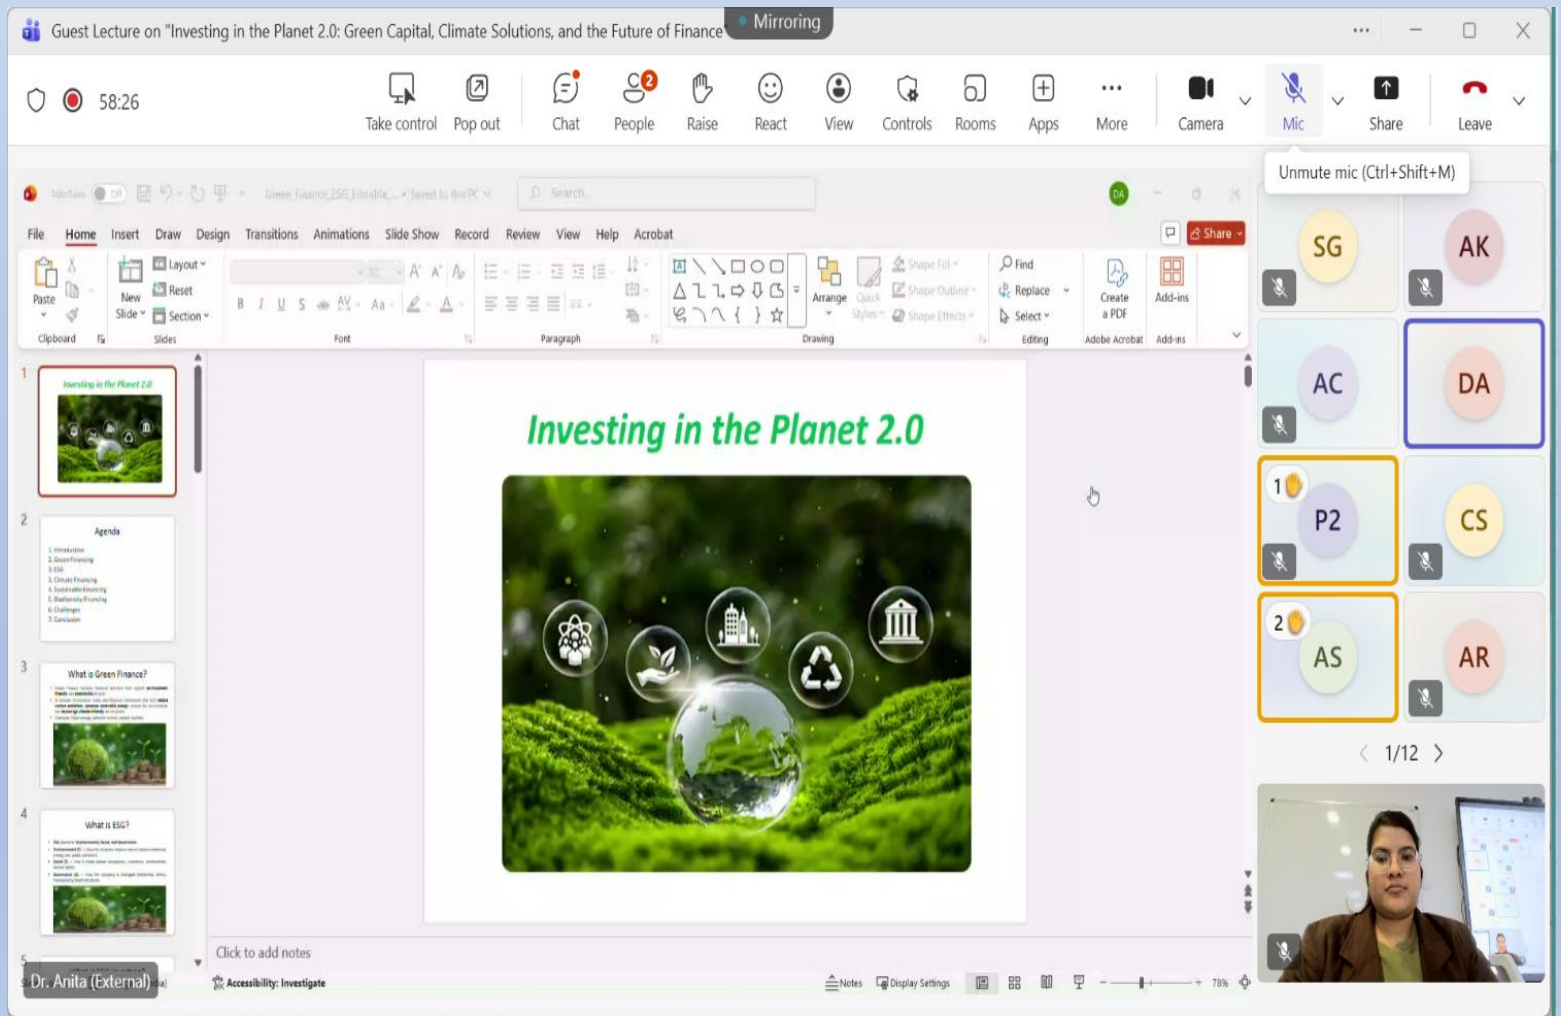

On 10 January 2026, The session on “Understanding Corporate Culture and Career Opportunities” was organized to prepare students for the evolving corporate environment by providing insights into industry expectations, employability skills, professional conduct, and career planning. Mr. Hadrine H. Pereira, Head, Corporate Relations & Placements, ISDC Global, and Mr. Syed Ismail Zabiulla, Manager, Corporate Relations & Placements, ISDC Global, shared practical guidance based on their corporate experience. The speakers emphasized adaptability, professionalism, effective communication, interpersonal skills, and continuous learning. Students gained valuable tips on resume building, interview preparation, placement readiness, workplace ethics, and career opportunities. The interactive session encouraged participants to identify their skill gaps and develop a proactive approach towards professional growth, effectively bridging the gap between academic learning and corporate expectations.

## From Awareness to Action: Inspiring a Sustainable and Climate-Responsible Future

On 12 January 2026, Galgotias University organized an insightful guest lecture on sustainability, climate responsibility, clean energy, and responsible consumption. The session was delivered by Dr. Anita, Assistant Professor, who highlighted the importance of climate-responsive behaviour, energy-efficient choices, waste minimization, and environmentally responsible lifestyles. Students gained practical insights into the interconnectedness of climate action, clean energy, and sustainable consumption and were encouraged to adopt responsible practices in their daily lives. The interactive lecture fostered environmental awareness, individual responsibility, and a forward-looking approach towards ecological well-being.

मौसम का बदलाव से स्थानीय पुलिस मौके पर मौजूद रही। दोनों टीमों में करीब 40 सदस्य शामिल थे। दोपहर साढ़े 12 बजे के बाद रेस्क्यू शुरू किया गया। दोनों टीमों ने दो गोताखोरों की मदद से पानी में कार की तलाश भी मदद ली। करीब दो घंटे बाद टीम को सफलता मिली।

**रेस्क्यू में भी दिखी संसाधनों की कमी**

एनडीआरएफ के रेस्क्यू में भी संसाधनों की कमी देखने की मिली। टीम को शांत पानी में से कार को बाहर निकालने में छह घंटे लग गए। जिस समय कार को बाहर निकाला जा रहा था तो बेल्ट की लंबाई कम पड़ गई। उसके बाद बेल्ट का नया टुकड़ा जोड़ा गया, लेकिन बाहर निकालने के दौरान वह भी टूट गया। उसके बाद चैन से कार को बाहर निकाला गया।

कार जिस जगह मिली थी, वो नाले से करीब 50 मीटर अंदर थी। वहां पर करीब 40 फीट गहरा गड्ढा था। जो पानी से लबालब था। सीवर का पानी भरा होने के कारण गाद भी काफी थी। इस कारण एनडीआरएफ की टीम को कार को बेल्ट से बांधने में काफी समय लग गया। इसमें करीब ड़ाई घंटे से अधिक समय लग गया।

**4 साल से गुरुग्राम की कंपनियों में काम कर रहे थे युवराज**

ग्रेटर नोएडा। युवराज ने ग्रेटर नोएडा स्थित गलगोटिया कॉलेज से 2022 में बीटेक की पढ़ाई की थी। पहली नौकरी लगने के बाद वह नवंबर 2024 तक गाजियाबाद में रहे थे। वहां से वह योजना मेट्रो के जरिए गुरुग्राम स्थित अपने ऑफिस जाते थे। मेट्रो कनेक्टिविटी होने की वजह से उनका सफर आसान था। मगर ग्रेटर नोएडा शिफ्ट होने के बाद पब्लिक ट्रांसपोर्ट नहीं होने के कारण अपनी कार से ही सप्ताह में एक से दो बार ऑफिस जाना पड़ता था। हादसे वाली रात भी युवराज गुरुग्राम से दो दोस्तों की साथ लेकर नोएडा आए थे। दोनों को सुरक्षित ड्राप किया और इसके बाद अपने घर के लिए निकल पड़े थे। वह अपने दोस्तों के साथ जयपुर घूमने की योजना बना रहे थे, लेकिन काम के बढ़ते दबाव और अवकाश नहीं मिलने के कारण घूमने के प्लान को जनवरी के अंतिम सप्ताह तक टाल दिया गया था। ब्यूरो

**और बेसमेंट की बढ़ाई जाएगी सुरक्षा**

यमुना सिटी में भी खुले नाले के किनारे बनेगी बाउंड्री

गलगोटिया विडि के पास नाले की नीची बाउंड्रीवाल होने से हादसे की आशंका बनी हुई है। सीडो के सीईओ राकेश कुमार सिंह ने इसकी जानकारी मिलने के तुरंत बाद इसे उद्घाटन के लिए जीएम प्रोजेक्ट राजेंद्र भाटी को कहा है। सीईओ का कहना है कि यमुना सिटी में सभी सेक्टर में नालों के खुले होने पर सुरक्षा इंतजाम कराए जा रहे हैं।

**हादसे की आशंका है तो इनको बताएं**
