(Geotag) Photograph-2	
Description (min 250 to max 800 words)*	The session was a bootcamp to start the contest and to orient the students about the guidelines of the contest and the possible prices that can avail. The best part of this contest was that the non-engineering students could also get the feel of web designing and making it go live. All the registered students for the contest will be getting a free subscription of ALICMS tool through which they could design more website and make it go live.
Attendance Sheet*	Attached at the end of Report
Report Submitted by *(write faculty coordinator name)*
