Description (min 250 to max 800 words)*	The Department of Electrical, Electronics and Communication Engineering, Galgotias University, in collaboration with Vijnana Bharati (VIBHA), organized a Symposium on National Technology Day on 11th May 2026. The event brought together distinguished experts, academicians, and students to celebrate India's technological achievements and discuss the role of innovation in national development. The program was graced by Dr. Vipin Kumar, Chief Scientist and Former Director at the National Innovation Foundation (NIF), DST, New Delhi, as the Chief Guest. He delivered an insightful address on the importance of innovation, indigenous technology development, and the role of young engineers in strengthening India's technological ecosystem. The event was further enriched by the presence of Shri Ashutosh Kumar Singh, Organizing Secretary, VIBHA Western Uttar Pradesh and Uttarakhand, who emphasized the significance of scientific temperament and youth participation in technological advancement. Dr. Shivesh Pratap, Senior Fellow at the Dr. Syama Prasad Mookerjee Research Foundation, New Delhi, and National Convenor, Vision Viksit Bharat Policy and Research Center, attended as Guest of Honour and shared his perspectives on innovation-driven growth and India's vision for a technologically empowered future. Eminent speakers shared valuable insights on research, technology, and entrepreneurship, inspiring participants to contribute towards a technologically advanced and self-reliant India. The symposium concluded with enthusiastic participation and meaningful discussions on future technological opportunities. The event featured expert talks by renowned dignitaries who emphasized the importance

	of scientific research, innovation, and technology in nation-building. Interactive sessions encouraged students to explore emerging technological trends and research opportunities. The symposium successfully created awareness about the significance of innovation and motivated young minds to actively participate in shaping a progressive and technologically empowered future for the nation.
