Description (min 250 to max 800 words)*

A seminar on **Think Smart: The Power of Aptitude** was organized on **13 January 2026** for **B.Tech. students** with the aim of introducing students with Aptitude tricks, and the critical role of aptitude in effective career planning.

The programme began at **1:30 PM** with a formal welcome to the **resource person, Ms. Sweta Sahu, Centre Director, T.I.M.E. Greater Noida** by the **Head of the Department, DEECE**. Following the introductory remarks, the session proceeded with enthusiastic participation from the students.

During the seminar, the speaker emphasized the **significance of aptitude in shaping successful careers**. She explained how strong problem-solving abilities and logical reasoning play a vital role in competitive examinations and professional growth. The session focused on practical strategies to approach aptitude questions logically, without dependence on memorized formulas.

One of the key attractions of the seminar was the introduction of **simple and effective problem-solving techniques**, including the **division and reposition method**, which

	enabled students to tackle complex aptitude problems with ease and accuracy. The interactive nature of the session encouraged active student involvement and made the learning experience engaging and impactful. In addition, the speaker inspired students to continuously develop their analytical thinking, logical reasoning, and time management skills, highlighting these competencies as essential foundations for success in both academic pursuits and career advancement. The seminar concluded with a concluding address and vote of thanks delivered by Dr. Meenakshi Awasthi, HoD, who expressed appreciation for the insightful and motivating session. The event was concluded on an encouraging note, leaving participants better equipped, motivated, and confident to plan and pursue their future career goals.
