RECRUITERS SPEAK

Dear Manisha

Wipro has been a regular recruiter at Galgotia's for many years now and we have been experiencing a set of very professional and well-groomed candidates for its recruitment. The institution has a good talent pool of fresh minds who have been trained to become industry ready in state of the art infrastructure with a very high focus on technical capability as well as soft skills of students.

We have been getting excellent support from the management as well as career development cell in all our engagements with the college and we would like to make this association to bloom further in times to come, adding to our talented global workforce pool enabling our organization and society to reach greater heights.

Wishing the institution all success to become a destination of choice in Engineering education.

Viswanathan

Galgotias University has endeavoured to make its budding engineers fare exceptionally well in the life beyond the Campus. The University provides a strong background in traditional "hard" skills like mathematics, sciences and Core Engineering to meet the requirement of prospective employers in its curriculum. To further enhance the prospective employees "hard" skills we have introduced Curriculum linked International Certification Programs (ICP) with reputed skills providers. Courses are given to students based on their core branch. A selection of the current level of skill training provided is given below.

ORACLE®

**COMPUTER SCIENCE AND ENGINEERING,
ELECTRONICS, ELECTRICAL ENGINEERING**

Java SE 8

basic knowledge of Object-Oriented Concepts(OOC), UML representation of OOC, the Java programming language, and general knowledge of Java Platforms and Technologies.

Oracle. Database 12c:SQL Fundamentals

The **Oracle Database 12c** is a high-performance, enterprise-class database. This is database designed to operated from the cloud.

AUTODESK.

MECHANICAL AND CIVIL

AUTOCAD 2D

AutoCAD is a commercial computer-aided design (CAD) and drafting software application. AutoCAD is used across a wide range of industries, by engineers and many other professionals.

DS CATIA

**MECHANICAL
CATIA**

CATIA is the World's Leading Solution for Product Design and Experience. It is used by leading organizations in multiple industries to develop the products we see and use in our everyday lives. CATIA delivers the unique ability not only to model any product, but also to do so in the context of its real-life behaviour

DS SOLIDWORKS

**MECHANICAL
SOLIDWORKS**

SolidWorks (stylized as SOLIDWORKS) is a solid modeling computer-aided design (CAD) and computer-aided engineering (CAE) computer program that runs on Microsoft Windows. Published by Dassault Systèmes, is used for 3D solid modeling, design concepts, and sustainable design.

ELECTRONICS AND INSTRUMENTATION

SCADA (Supervisory Control and Data Acquisition)

SCADA helps in development of automation products and provide repeatability, increase in production, improving the quality control and integrating business system.

ELECTRONICS AND INSTRUMENTATION

PLC Level 1

Industrial automation is providing jobs for technically trained people who can build, program, integrate, service, maintain and operate PLCs. Software helps simulate the operation of real-world components, including motors, solenoid valves and a wide variety of other discrete and analog input/output devices.

CHEMICAL

Plant design management system (PDMS)

PDMS as it is known in the 3D CAD industry, is a customizable, multi-user and multi-discipline, engineer controlled design software package PDMS includes comprehensive functions for all aspects of 3D plant design. This software combines program design, modeling and management of a site, and is used for modeling, oil, gas and petrochemical industries throughout the world.

Students take up these skilling programs in their third year of their academic programme. It is mandatory program for the student to take up at least 120 hours of skills training. These training programs are an enabler for the student to demonstrate their skill set by going for international certifications.

NIIT is a leading Skills and Talent Development Corporation that is building a manpower pool for global industry requirements. The company, which was set up in 1981 to help the nascent IT industry overcome its human resource challenges, today ranks among the world's leading training companies owing to its vast, yet comprehensive array of talent development programs.

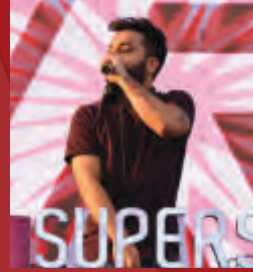

CADD Centre offers training to engineering students and professionals on leading software products in their domains. CADD Centre involves expert editors and educationists at all stages of creating the course material to make sure the courseware is presentable and effective.

CIVIL STAAD.pro Certification

Used in the field of analysis and design for building projects including towers, plants, bridges, stadiums and marine structures. STAAD.Pro allows structural engineers to analyze and design virtually any type of structure.
